GANGSTER
SHOT IN FRONT
OF HIS HOME
FROM AUTOWilliam Lombardo, 19,
Wounded by Five Bullets,
Collapses on Steps of His
Residence at 1511 Carr
Street.HIS SISTER TELLS
POLICE OF ATTACKLooked From Window in
Time to See Man, Wear-
ing Gray Hat, Open Fire
— Blue Sedan Observed
Speeding From Scene.William Lombardo, Sicilian
gangster, was shot and seriously
wounded today by gangsters who
fired on him apparently from an
automobile, in front of his home at
1511 Carr street.Wounded by five bullets he was
found lying on the sidewalk by his
sister, Janie, who ran from the
house when she heard the shots."Get me a doctor," he said, and
collapsed.He was taken into the house and
removed to Missouri Baptist
Hospital. Physicians found he had
been shot in the abdomen, chest,
right shoulder and both legs.He has been arrested more than
20 times for questioning in various
crimes. Dec. 4 he was taken to
the wholesale roundup of al-
leged narcotic peddlers by police
at Federal agents.Janie Lombardo and her mother
were washing clothes in the base-
ment of the Lombardo home when
the gangster was shot down on the
sidewalk a few feet from them.Sister's Story of Shooting.
"I heard shots and ran to the
window in time to see a man with
a gray hat firing a revolver at my
brother," the sister said. "I was
expecting I could not tell whether
the man was in an automobile or
not. All I knew was that I saw
his hat, his arm and a pistol in
his hand."Mrs. Gertrude Portnoy, 1509 A
street, next door to the Lombardo
home, said she ran to the
front of her house when she heard
the shots, but was unable to re-
call whether or not an automobile
was being driven from the scene
when she opened the window and
looked out."I saw Willie Lombardo on the
sidewalk and knew he had been
shot," she said. "He had dropped
a bundle and he was crawling
along the walk toward his front
door. His sister and mother ran
out and I could hear him say, 'Get
me a doctor.'"Auto Speeding Away.
Other residents of the neighbor-
hood told policemen they saw a
blue sedan driven rapidly
away from the scene a moment
after they had heard the shots.Capt. Frank Nally of the Carr
street Police Station was told that
a few minutes before the shooting
Lombardo had alighted from a
Ford roadster at the corner of Fifth
and Carr streets. His com-
panion, whose name Capt. Nally
did not know, was active as a
bootlegger. Police have been in-
formed that he has recently been
allied with Cuckoo gangsters
and is said to be in feud with a
gang of racketeers, but have been
unable definitely to substantiate
their information.PRICE OF BREAD IN CITIES

P. S. CO. WILL FIGHT TAX LEVY IN CITY AND COUNTY

Prepares Suit to Enjoin Collection of \$971,833 by the Former, and \$178,192 by the Latter for 1930.

TENDERS \$252,406 LESS THAN ITS BILL.

Declares That Assessment Is Inequitable in Comparison With That of Other Similar Properties in Missouri.

The St. Louis Public Service Co. is preparing today to file suits in the Circuit courts of St. Louis and St. Louis County to enjoin the Collectors from collecting the full amount of general city, county and State taxes assessed against the company for 1930.

The taxes involved amount to \$1,150,025.73, the bill in the city being \$971,832.51 and that in the county \$178,192.22.

As a preliminary to court action President Stanley Clarke of the Public Service Co. late last Wednesday tendered smaller amounts to Collector Edmond Koehn in St. Louis and Collector Willis W. Benson at Clayton in full settlement of the tax bill. In the city he offered to pay \$758,536.95 and in the county, \$123,082.94, the aggregate of the two sums being \$232,405.84 less than the bills. The two collectors refused the tenders, having no authority to accept anything less than the full amount in settlement of tax bills.

Under the law, street railways are assessed for tax purposes by the State Tax Commission and the State Board of Equalization, and the assessments are certified to local collectors for collection. These taxes are now due and if not paid by Dec. 31 become delinquent. In cases of delinquency the collectors are required by law to sue for the taxes within three days, a provision that does not apply to general taxpayers.

In a formal statement President Clarke of the Public Service Co. said the purpose of the company was to obtain an equalization of assessment, asserting that the present assessment was excessive and unfair and greater in proportion upon the Public Service Co. than upon other street railways in the State. Jacob Chasnoff & Wilson, representing the Public Service Co., said the injunction suits would be filed today. If temporary injunctions are granted, the collectors would be enjoined from suing to collect the tax pending final decision on the injunction suits.

Collector Koehn said that in case the injunction suits failed it would be his duty to sue immediately for the tax and upon obtaining a judgment to levy upon the company's property for payment. He said the usual penalty of 1 per cent a month for delinquency would run against the company and that in addition there would be a collector's fee of 2 per cent of the amount of the tax.

The valuation of the company's property as fixed by the State Board of Equalization for tax purposes is \$35,851,015 for that part in the city and \$8,620,511 for that part in St. Louis County, a total of \$44,471,526. In a rate and valuation case in 1928 the State Public Service Commission fixed the company's valuation as of Jan. 1, 1927, at \$66,000,000, and in that proceeding the company contended for a valuation of \$75,000,000.

For 1929, the Public Service Co. paid in St. Louis a tax of \$978,716.25 upon an assessed value of \$26,382,503. The tax in St. Louis County was \$182,770.50. In addition the company paid franchise taxes of \$395,992.02, and mill tax of \$235,714.49 to the City of St. Louis. Its total tax bill for 1929, including State and Federal income taxes, was \$1,947,870.40.

Stanley Clarke's Statement. Clarke issued this statement: "The Public Service Co. on Wednesday tendered to the collectors of St. Louis and St. Louis County \$597,619.89 in payment of its 1930 tax bills which had been assessed at \$1,150,025.73. Of these tenders \$758,536.95 was to the city of St. Louis, whose tax bill was \$971,832.51.

"The purpose of the tenders is to obtain equalization of taxes assessed against this company by the State Board of Equalization for city, county and school taxes. This step is necessary in order to obtain a review of taxes in the manner provided by law.

"The tenders made are in excess of the amount which the company believes to be properly due and payable by it. There is no desire on the part of the company in any way to hamper the financial situation of the city or county by withholding payment of taxes and it is willing to pay a large portion of the taxes for the year 1930 at this time. It cannot pay the whole amount and then

ask for a refund pursuant to the determination which the court may make because of the fact that taxes once paid cannot be recovered without special relief bills and cumbersome legislative methods.

"The company feels that for it to continue to collect from car riders and pay over to the city and county collectors taxes entirely disproportionate to taxes paid by any other entity in the State is unfair to the car riders as an added charge which must be included in their fares.

"The review of the situation is certainly due to those from whom these taxes are collected.

"This company is required to collect more taxes in proportion to its gross revenue than any other street railway in the United States except Baltimore, which city has for years past collected funds for the support of its parks from its car riders, resulting, in that city, in car riders being required to pay a 10 cent straight fare, which has been reduced for weekly tickets, such as we have in St. Louis.

Demand for Equalization. The State Tax Commission and the Board of Equalization, which have jurisdiction to assess property taxes against railroads and street railways within the State of Missouri, have for years assessed against the riding public of St. Louis a tax entirely out of proportion to the tax levied upon the company's property for payment. He said the usual penalty of 1 per cent a month for delinquency would run against the company and that in addition there would be a collector's fee of 2 per cent of the amount of the tax.

ANTI-GANG JUDGE ENTERS RACE FOR MAYOR OF CHICAGO

John H. Lyle Calls 'Alliance of Crime and Politics' the Issue—Opposes Thompson and Barrett.

REFERS TO CAPONE'S INFLUENCE IN CITY

Third Republican to File for Office With Anton J. Cermak Only Democrat to Announce.

By the Associated Press. CHICAGO, Dec. 25.—A new candidate for the Republican mayoral nomination, Judge John H. Lyle, enemy of gangsters, was in the race today with a platform in which he promised to break up what he termed alliances between "crime and politics."

Judge Lyle, who as a Judge on the municipal bench has gained widespread publicity by his treatment of gangsters, will oppose Mayor William Hale Thompson, Charles V. Barrett, chairman of the County Board of Tax Review, and any other candidates who may enter the contest before the February primary is held. Thompson and Barrett already are in the race.

The announcement from Lyle was made without awaiting the decision of various political factions that have been seeking a candidate on whom they could unite in opposition to Thompson. Neither did his statement indicate whether he would seek the support of these groups. Among political leaders with whom Thompson has broken is Bernard W. Snow, chairman of the Republican Cook County Committee.

Annihilation of Gangsters. Referring to Chicago gangsters and their bands of followers, Lyle said in his statement that it was "ridiculous to assume that all these officers (Cook County) cannot suppress and almost totally annihilate them."

to candidate for Mayor," he added, "he has heard the votes of the good citizens unless he defines in unmistakable terms his position on the issue of divorcing crime from politics, and unless the language of his declaration accords with his record of public service."

"I have hesitated because of the work I am already doing in the effort to purge Chicago of the criminal gangs that infest the city. While supporting the validity of the zoning ordinance, Judge Fitzsimmons said it should be interpreted liberally and remarked that zoning laws constituted "one of the many modes of expression of the law's disregard of what ancient rights in reverence as property rights."

HYDE HAS USE FOR ENTIRE \$45,000,000 DROUGHT FUND Secretary to Ask Congress to Approve Full Amount; No Flood Loans.

By the Associated Press. WASHINGTON, Dec. 25.—Congress today would be asked to appropriate the full \$45,000,000 authorized for drought relief. At the same time he made it clear that no flood loans be made from the fund. The loans, he said, will be made for seed, feed and for production purposes such as fertilizers and for gasoline and oil for tractors.

Hyde said applications for aid from the fund would be taken up in "the priority of their urgency." He added that the \$45,000,000 included for forest, highways and forest roads and trails would be issued also according to the urgency of the project but that no definite allocation would be made of the relief funds by states.

CHICAGO MART IS BOMBED CHICAGO, Dec. 25.—The world's largest building, the new Merchandise Mart, was bombed Wednesday night. Part of a steel door was blown in and many windows broken. Damage was estimated at \$100,000.

The bomb was placed against a sliding steel door on a loading platform in an unoccupied section of the building. Police could find no motive for the bombing. A fortnight ago, the Furniture Mart, several blocks east and, until completion of the Merchandise Mart, known as the largest building in the world in regard to floor space, was bombed.

POWER BOARD DISMISSALS ARE SURPRISING TO M'NICH

North Carolina Member Understands Commission Was Not to Meet This January.

WASHINGTON, Dec. 25.—Frank R. McNinch, North Carolina member of the Power Commission, expressed surprise today in a telegram to friends in Washington at the dismissal of the commission's employees—specifically, Charles A. Russell and Chief Engineer, William V. King. He said he had an understanding there would be no meeting of the commission before January.

King and Russell were dismissed after a meeting of the commission attended by Chairman Smith and Commissioners Garraud and Draper. In his telegram today, McNinch said he left Washington with the understanding that the commission would not organize until after the first of the year and expressed surprise that any move had been made to change the personnel of the commission's staff in his absence.

The dismissal of King and Russell has aroused strong objection by the Independent Republican faction of the Senate. Some members of this group have threatened to seek reconsideration of the confirmation of Smith, Garraud and Draper.

Chairman Nye said today he would recommend the appointment of Russell as prosecutor if the Senate Public Lands Committee decides to investigate Ralph S. Kelley's charges of irregularities in leasing oil shale lands.

LETS TWO TOLY GOLF COURSES OPERATE, CLOSES TWO OTHERS

Judge Fitzsimmons Says Zoning Law Should Be Interpreted Liberally.

Circuit Judge Fitzsimmons granted injunctions today to operators of two miniature golf courses against Director of Public Safety Steininger and refused injunctions to operators of two other courses. The operation of the courses was alleged to violate the zoning ordinance.

Injunctions were granted the Kingshighway-Maryland Golf Club, operating a course at Kingshighway and Maryland, and the Kingshighway and Jackson Johnson Jr. American Legion Post, operating a course at 4150 Lindell boulevard.

The Triple B Golf Club, operating a course at 1622 Mississippi avenue, failed to get injunctions. Judge Fitzsimmons stated the course at Kingshighway and Maryland avenue was on land owned by the same company operating an adjoining bakery and as such an integral part of the property. The course operated by the legion post, he said, is on land leased by the post and constitutes part of its social activities. The course which failed to obtain injunctions, which was a record of public service, he said, and are in a multiple second-class residential district, created by the zoning ordinance.

C. C. DULA, CHAIRMAN, LIGGETT & MYERS, DIES

Succumbs to Pneumonia at Home in New York City at Age of 66.

By Leased Wire From the New York Bureau of the Post-Dispatch. NEW YORK, Dec. 25.—Caleb Conley Dula, chairman of the board of the Liggett & Myers Tobacco Co., died of pneumonia yesterday morning in his home, 31 East Seventy-ninth street, after an illness of several months. Funeral services will be held tomorrow morning at the Dula home. Burial will be in Sleepy Hollow Cemetery.

Mr. Dula was born in Lenoir, N. Y., Feb. 3, 1864, and first went into the tobacco business with his brother, R. B. Dula, in Wentville, Mo. Later he went into the leaf tobacco business in Danville, Va., in his own firm, Carr & Dula, but after a few years joined the Drummond Tobacco Co. as an officer. When that company was taken over by the Continental Tobacco Co., a subsidiary of the old American Tobacco Co., Mr. Dula became an officer in the Continental and later in American.

He came to New York when 34. Later he became secretary and vice president of the Continental. With the reorganization of the American Tobacco Co. in 1911 and the formation of Liggett & Myers, Mr. Dula was elected president, serving in that capacity until 1927, when he became chairman of the board. Mr. Dula was also a director in the Guaranty Trust Co.

Mrs. Dula, formerly Miss Julia Warner, and a sister, Mrs. Laura B. English of St. Louis, survive. Although Mr. Dula gave generously to charities and philanthropic organizations, few of his gifts ever were announced to the public. One of his largest philanthropies was a gift of \$200,000 to Duke University, known as the C. C. Dula Endowment Fund. The income from this fund was to be used in assisting worthy students through the university.

14 CATHOLIC MISSIONARIES RELEASED BY CHINESE REDS

FURTHER BANK RUMORS LAID TO COMMUNISTS

City, State and U. S. Investigate "Whispering" Campaign in New York.

Special to the Post-Dispatch. NEW YORK, Dec. 25.—City officials have received information that Communists have been trying to undermine the stability of banks other than the Chelsea Bank & Trust Co., which was taken over by the State Banking Department Tuesday.

The closing of the Chelsea followed a series of anonymous telephone calls to depositors Monday. The depositors were "warned" that the bank was not in a satisfactory condition, although there was no basis for any such reports, according to officials.

The "whispering" campaign was directed against still another depository about the day the Chelsea was closed to conserve the funds of depositors. Superintendent of Banks Broderick denied reports that his office had tried to precipitate a run by telephoning a few days ago to various persons.

It was said yesterday that Communists at open meetings had even discussed the order in which an attack on a list of financial houses would be undertaken. Investigation of these and similar activities is being carried on by police, District Attorney Crain, Assistant Attorney-General Washburn and Federal authorities.

Assistant Attorney General Washburn is investigating rumors that operators selling Chelsea bank stock short were interested in depressing its value to obtain further credit for the suspension.

HEALTH SEAL SALES SHORT OF GOAL SET

Total \$67,000, Which is About \$21,000 Less Than It Was Last Year.

The twenty-fourth annual Christmas health seal sale, to raise funds to combat tuberculosis in St. Louis and St. Louis County, raised \$67,000, about \$21,000 less than the total last year, according to a report by Byron W. Moser, treasurer of the Tuberculosis and Health Society. The campaign began Dec. 1 and ended officially Christmas Eve. John E. Edwards, president of the society, in pointing out that the amount at least equal to last year's fund would be necessary to carry out present work, said that not all of the penny stamps mailed out had been returned. He expressed the hope that many contributors would increase their subscriptions. There was no definite goal was set, the society had hoped to raise \$100,000 to finance additional services that had been planned for 1931.

Moser attributed the lagging of the sale to present economic conditions, stating that many letters had been received from former contributors who said unemployment prevented their continuing their support of the society. Nevertheless, he said, had a Christmas seal campaign failed to provide funds sufficient to carry out programs and provide for expansion.

In addition there have been large increases in the numbers of families visited by social workers and of patients visited by nurses. There is a long waiting list for the Night and Day Camp, where young women from offices and factories are restored to health.

Dr. F. H. McKoon, medical director of the society, said that in times of business depression and unemployment tuberculosis increases. "Even after the economic situation begins to improve," he said, "the effects of lowered standards of living forced upon people who have been out of work will be noticed."

The Tuberculosis and Health Society depends almost entirely on the proceeds of the sale of Christmas seals to carry out its work. It does not participate in the Community Fund.

Nevertheless, he said, had a Christmas seal campaign failed to provide funds sufficient to carry out programs and provide for expansion, the society would have been in a dire straits. He said that the increased demands had added financial burdens, he said. In the three open air schools, it was reported, the percentage of meals for undernourished children paid for by the society had increased from 60 to 80 per cent since September.

In addition there have been large increases in the numbers of families visited by social workers and of patients visited by nurses. There is a long waiting list for the Night and Day Camp, where young women from offices and factories are restored to health. Dr. F. H. McKeon, medical director of the society, said that in times of business depression and unemployment, tuberculosis increased. "Even after the economic situation begins to improve," he said, "the effects of lowered standards of living forced upon many persons who have been out of work will be noticed."

YOUTH, GIRL GET \$718 IN ROBBERY OF CANDY STORE

Robber Loots Cash Box and
Purse at Downtown Shop
While Companion Helps
Self to Confections.

WOMAN MANAGER
ORDERED TO CELLAR
She Remains on Stairs and,
Through Crack in Door,
Watches Pair in Christ-
mas Holdup.

Mrs. Stover's Bungalow Candy shop at 365 North Seventh street was held up Christmas morning by a young man who took \$718 in cash while his young woman companion helped herself to 10 boxes of candy.

Miss Opal Cole, in charge of the store, had opened for the day at 9 o'clock when the young man entered, ordered two boxes of candy and drew a revolver. Ordered to the basement, Miss Cole remained on the stairs, watching through a crack in the door. She saw a well-dressed woman walk briskly into the store and select boxes of candy from the shelves while the man took \$700 from the cash box and \$18 from Miss Cole's purse.

500-Pound Safe Containing \$700 to \$800 is Stolen. A 500-pound safe containing \$700 to \$800 was stolen from the office of Charles Lopata, 1007 North Vandeventer avenue, yesterday. Lopata discovered robbers had forced a hole in the rear door to reach the lock.

Sanowsky, 6443 Clayton avenue was robbed of \$350 by two men in an automobile who held him up at Big Bend and Wydown boulevards, Clayton, at midnight. Visiting at 5076 Gates avenue last night, Virgil Gerack, 4016 Wendover street, saw two men trying to start his automobile. He went out and was held up with a revolver by one of the men. The armed man had a hand in Gerack's trousers pocket when Gerack saw an opportunity and struck the robber in the head with a brick.

Joe Gagnepain, druggist, at 147 Southwest avenue, was robbed of \$25 by two men who held him up last night and compelled him to open his safe.

Clarence W. Samps, 24 years old, was injured during a holdup Tuesday night at the Piggly Wiggly store, 26 North Glady avenue, has stated a confession admitting two robberies. On Dec. 9, police say, he held up the Confereux Grocery Co., 713 Dumar boulevard, taking \$125. On Dec. 21, the Kroger store at 1233 North Taylor avenue, taking \$40.

A filling station at Fee and Natural Bridge roads was robbed of \$2 yesterday by a bad man who squirted tear gas from a pocket projector on George H. Updegraff, the attendant. The robber threw away in a coupe.

PRIZE DRAWINGS OF CHILDREN ON DISPLAY AT ART MUSEUM

First Awards Go to Jesse Possey, 7 Years Old, and Lucille Kemper, 14. Prize-winning drawings by children of the drawing class at City Art Museum in Forest Park were placed on exhibition at the museum today to remain over the week end. First prize among boys was won by Jesse Possey, 7 years old, of 274 Kentucky street, and among the girls by Lucille Kemper, 14, of 407 North Taylor avenue. The prizes of the drawings were taken into consideration in determining the winners. Prizes were items of drawing equipment.

Second prizes were won by Billy Pollard and Bernice Gierer, and honorable mention went to Grace Gordon, Ruth Farrell, Leota Meier, Alice Jameton, Flora Hinkle, Lucille Heald, Mary Virginia Cahill, Laverne Reiss, Dorothy Meier, Larry Roeder, Eugene Weingartner, Jack Halsey, Myron Svecovich and Buddy Howard. In the group of children six years old or younger, honorable mention was given to William Neumann, Betty Lee Fleishman, Elsie Larking and Ruth Possey.

The Christmas pageant, "Ten Fingers of Francois," will be presented by children at the museum tomorrow afternoon at 2:30 o'clock. The production is directed by Miss Margaret Ewing, instructor in dramatics at John Burroughs School.

TWO KILLED WHEN TRAIN HITS AUTO IN WEBSTER GROVES

Negro Man and Woman Victims of Crash at Rock Hill Road Crossing. John Green, 50 years old, and Mrs. Gertrude Gleason, 48, Negroes, were killed shortly before 8 o'clock this morning when their automobile was struck by Missouri Pacific passenger train No. 125 at the Rock Hill road crossing, in Webster Groves.

Green was driving south on Rock Hill road and the train was west-bound. The crossing, which is unobstructed, is equipped with a signal bell. The bell was found to be working when tested after the accident. The automobile was demolished. The train was stopped and members of the crew notified police. Green's address is given as 923 Cornell avenue and Mrs. Gleason lived on Ruth avenue, both in St. Louis County. An automobile was demolished by a train at the same crossing several weeks ago, after the occupants, a man and a woman, jumped to safety.

SUICIDE WHO HAD \$936 IN SHOE RECOGNIZED

Said He Was John Fulton of
Peoria in Conversation With
Taxicab Driver.

The man who shot and killed himself at Hotel Statler Wednesday, leaving \$936 in a shoe, with directions that it be used for his cremation, was tentatively identified yesterday as John Fulton of Peoria, a salesman.

John Carney, a taxicab driver, told police he had struck up an acquaintance with the man last Sunday. He said the man had given him his name as Fulton, had confessed that he was frequently depressed, and that he "would give anything for a good home-cooked meal."

Carney said he picked up Fulton at the Liberty Theater, 3223 Delmar boulevard, Sunday afternoon, and took him on a tour of the neighborhood for an apartment. Unable to find one that suited him, Carney said, Fulton finally directed that he be taken to the Missouri Hotel, where he registered as John Fulton.

Carney called for him again Monday. After looking at several apartments, Fulton rented one at 4001 Washington boulevard, paying \$50 for the first month's rent. When he made his remark about wanting a home-cooked meal Carney took him to the Carney home at 1524 Michigan avenue where he joined Carney and Mrs. Carney at dinner.

Afterward, Carney said, Fulton played with the Carney baby until 11 p. m. when Carney took him to the apartment. About two hours later, police were told, someone smelled gas at the door of Fulton's apartment. The manager knocked and Fulton, answering the summons that he had been making coffee for which he had boiled over, extinguished the fire in the gas stove. Later, however, it was found he had no utensils in the apartment for making coffee.

In response to Fulton's request Carney called for him Tuesday but he was not at his apartment. Tuesday afternoon he registered at the Statler as R. Miller, 230 Mulberry street, Peoria, Ill., a fictitious address.

In a note written before he slashed his wrists with a razor blade and shot himself with a pistol, he explained that he was "tired of living."

Police are trying to obtain positive identification of the body by someone who knew him in Peoria.

EDWARD A. FAUSTS GIVE PARTY FOR NEEDY

Children and Widows Entertained in Ballroom of Home; Provisions Presented.

The annual Christmas party given by Mr. and Mrs. Edward A. Faust for their grandchildren, Lily Claire Faust, 7 years old, and her sister Anna Mina, 4, was held as usual on Christmas Eve in the ballroom of the Faust home at 1 Portland place, but the guests, in other years their playmates from the homes of the wealthy and fashionable, were chosen this year from among those in need, who had not expected a Christmas celebration.

About 55 widows and 175 children from 2 to 8 years old, were entertained from 4 to 8 o'clock, and left amply supplied with food, clothing and toys.

"They were just wonderful," Mrs. Faust said today. "We never had a Christmas party that was enjoyed so much and never one at which the children were so well behaved. I could have adopted the whole bunch of them."

On arrival clowns entertained the guests, who were given balloons and noisemakers and sang Christmas songs. Later they gathered at the two Christmas trees which flanked the fireplace and the two Faust children, attired in Santa Claus costumes, helped dispense the gifts.

There were toys, stockings filled with candy, nuts and fruit, dolls for the girls, warm garments for all, and a basket of food for the Christmas dinner. The baskets contained a roast of beef, sugar, butter, bread, oatmeal, jelly, canned vegetables and soup, and a fruit cake, the quantities varied according to the size of the family for which each was intended.

After the party Boy Scouts assisted the guests to street cars with their packages. Invitations were issued through the Provident Association, St. Vincent de Paul Society, Little Sisters of the Poor and Board of Religious Organizations.

Mr. and Mrs. Faust were assisted as hosts by Mr. and Mrs. Mahlon Wallace Jr. and Mr. and Mrs. Leicester B. Faust. As was the custom in the home of Mrs. Faust's parents, the late Mr. and Mrs. Adolphus Busch, the Christmas celebration of the Faust family was held on Christmas eve, also, after the party was over.

\$2000 Fire in Synagogue. A two-story building at 1037 North Thirtieth street, occupied by the Congregation Sherran Thilim, was damaged \$2000 by fire at noon yesterday.

10,000 Children Guests At Christmas Festival

Continued From Page One.

For years have sent their sprightly dancers and acrobats to entertain the Festival guests, never before sent so numerous, or so well trained an aggregation. Nearly 60 children from Sherman, Mulanphy and Soudard community centers formed the cast of the show, which ran for an hour and 45 minutes. Workers of the city Division of Parks and Recreation directed the well marshalled and accurately moving groups.

It seemed, too, that the costumes were never before in such profusion of color. There were "crinoline groups with high hats and hoop-skirts in purple, green and lavender, and ballet lines in pink, and star-folk in white and blue, and dolls, clowns, jumping jacks and tin soldiers in all colors, but mostly the brightest ones."

There was a snowdrop score for red-jacketed Santa Claus when he rode in, standing in his cream-colored sleigh, to the air-yes, and the words also—"Jingle Bells." Then there was a grand entrance of the performers, who filled much of the central space as they sat down to await the call for their groups.

The Match-Girl's Dream. What followed—and it was easy for the spectators to follow it—was the story of the little match girl, done in pantomime. When this story was in the Fourth Reader the little match girl froze to death, but this latest version has a happy ending, with a joyous awakening and plenty of toys.

Helen Grover of Sherman Center dramatic class, took the star's role as the match girl. A platform at the east side of the floor was her stage. At first the gay lines of street gams, and even the mothers and fathers who were making merry in the street, would pay no attention to her. But after she had burned her matches, in the effort to warm her fingers, and had sunk down to slumber, a group of fairy snowflakes covered her over. From then on, Santa Claus took a personal interest in her. He saw to it that, while she slept, there were gay bits of revelry for the stuff that her dreams were made of, and that when she awoke, there were dolls and toys and music all about her.

Some of the guests who left early to start post-season football on the neutral vacant lots, missed the circus that the Sherman Center gym boys put on. It was a menagerie and an acrobatic show all in one, with elephants, giraffes and jungle beasts frisking about on boyish limbs, while other boyish limbs were doubled in somersaults or extended in pyramids. The clowns went into a huddle in a lively football game, which almost drew attention away from the wonderful

EXCEPTIONS OF BALL CLUB IN STREET WIDENING UPHOLD

Judge Hall Decides St. Louis Stars Are Entitled to Damages.

Among the exceptions sustained by Circuit Judge Hall in the Market street widening condemnation, was the case of the St. Louis Stars (Negro) Baseball & Amusement Co.

In the widening project it will be necessary to take a small strip of the bleachers' site at the Stars baseball park at Market street and Cardinal avenue, but the commissioners in the condemnation suit found that although the damages suffered by the company for the taking of its property totaled \$10,662, its benefits would amount to \$11,800, leaving a balance of \$1138 in the city's favor.

In sustaining the exceptions Judge Hall in effect held that the Stars' organization was entitled to damages in excess of benefits. This will be one of the matters referred to a new commission for reassessment.

Other committee heads, most of whom were on duty through the festival, though some had done their work previously in the basketball department, were Louis Nolte, C. J. Kehoe, Nelson Cunliff, R. D. Corlett, William L. Igoe, Herman Spoehrer, Benjamin S. Lang, Col. A. T. Perkins, Dr. and Mrs. A. H. Sipp, Chief of Police Gprk, Fire Chief Alt. Mal. Victor Lundgren of the Salvation Army, Sam W. Greenland, Samuel J. Russack, C. L. Cunningham, Maurice Well, G. A. Menkel, E. G. Steger, and George S. Johns, associate editor of the Post-Dispatch, and originator of the Christmas Festival.

An annual activity, in charge of Committees Kehoe and Cunningham, and particularly timely this year, was the distribution of pipes and tobacco to homeless men. This distribution was made at the Municipal Lodging House and other places on Christmas eve.

As told Wednesday, the largest subscription list returned in time for acknowledgment that day was the list of the Shell Petroleum Corporation, 800 of whose employees gave \$146. Later the Terminal Association employees surpassed this figure, their list showing a total of \$350.45, as compared with \$255.75 in 1929. The Missouri Pacific employees' list came to \$256.

STE. GENEVIEVE, MO., MAYOR KILLED IN FALL DOWNSTAIRS

Peter H. Weiler Succumbs in St. Louis Hospital of Fractured Skull; 47 Years Old.

Peter H. Weiler, 47 years old, Mayor of Ste. Genevieve, Mo., died at St. Mary's Hospital here yesterday of a fractured skull suffered Wednesday evening when he fell down a flight of steps at his home.

Members of his family said he slipped on the top step of an inside flight of stairs and fell their full length. He was taken to the hospital immediately.

Weiler had been Mayor since 1923, and previous to that was proprietor of an amusement hall. He is survived by his widow, Mrs. Ella Weiler, a daughter and a son, Joseph, a student at St. Louis University, and his parents, Mr. and Mrs. Joseph Weiler. His father formerly was Mayor of Ste. Genevieve. Funeral services will be at 2 p. m. Sunday from the Church of Ste. Genevieve.

SHOT IN ROW AT RESTAURANT

Joseph Hayden Wounded in Thigh; Benjamin Robbe Held by Police.

Joseph Hayden, a shoemaker, 424 Elliott avenue, is at City Hospital suffering from a bullet wound in the right thigh, and Benjamin Robbe, proprietor of a restaurant at 2612 Cass avenue, is held by police as the result of an altercation last night.

Hayden, who applied for treatment at the hospital, declined to see how he had been wounded, other than to assert: "I was shot near Jefferson and Cass." Robbe, who was arrested, denied knowledge of any shooting, but admitted he had fired the shots after police found a recently discharged revolver in the restaurant, they retained. Robbe explained, police said, that Hayden created a disturbance in the restaurant and declined to leave.

VOLUNTEER SUBMITS TO BLOOD TRANSFUSION FOR ORPHAN

Chicagoan, on Holiday Visit, Answers Radio Appeal to Save Life of Chattanooga Lad.

By the Associated Press. CHATTANOOGA, Tenn., Dec. 26. —A 16-year-old homeless orphan, Edgar Chapman, lived today because of the Christmas gift of a pint of a stranger's blood.

It came in answer to a radio appeal after physicians decided that a blood transfusion alone could save his life from the effects of a difficult operation.

Hundreds answered, men and women, old and young, many were tested and finally the blood of E. D. Milligan, 29-year-old, resident of Chicago, was found satisfactory. Milligan was here spending the holidays with his parents.

Wife Charges General Indignities and Asks for Custody of 3-Year-Old Child.

Mrs. Louise A. Langan today sued to divorce Edward A. Langan, president of the Langan Furniture Co. The petition was filed in Circuit Court at Clayton and immediately removed. Mrs. Langan alleges general indignities and asks for custody of their 3-year-old child.

Langan resides at the Roosevelt Hotel, having separated from his wife about six months ago. Mrs. Langan lives at 7552 Stanford avenue, University City.

J. FRANK MAYS FUNERAL SERVICE IN GILBERT, ARK.

Funeral services for J. Frank Mays, custodian of the safe deposit vault at the Grand National Bank, who died just outside a road boulevard restaurant Wednesday, were to be held in Gilbert, Ark., his former home, today.

Dr. T. L. Carriere, Coroner's physician, who performed an autopsy, said death was caused by heart disease.

Mays, a brother of Ed Mays, president of bank and the Continental Life Insurance Co., is survived by his widow and five children. He was 53 years old, and had been employed at the bank for some time, having been appointed custodian of the safe deposit vault last summer.

**SKELETONS INDICATE OREGON
AS HABITAT OF THE BISON**
Bones Found With Evidence of
Lake Identified by U. S. Bio-
logical Survey Man.
By the Associated Press.
PORTLAND, Ore., Dec. 25.—The
receding waters of Malheur Lake
in Eastern Oregon have disclosed
more than 40 skeletons identified
as those of the American buffalo,
or bison, by Vernon Bailey, United
States Biological Survey naturalist.
Word of the discovery was
brought here today by Stanley G.
Jewett, predatory animal control
chief for the bureau. He said
Bailey thought the skeletons had
been hidden under the water at
least 75 years.
Naturalists long have argued
whether Oregon was the natural
habitat of the bison. Jewett said
the discovery definitely established
that they roamed Eastern Oregon.

OPEN VERDICT IN DEATH OF BOY, 2, STRUCK BY TRUCK

**Estimates of Auto's Speed
Vary From 18 to 50 Miles
an Hour at Samuel Ran-
dazzo Inquest.**

An open verdict was returned by a coroner's jury today in the case of Samuel Randazzo, 2 years old, who died at St. Luke's Hospital yesterday of a fractured skull suffered Wednesday afternoon when struck by a light truck while running across the street in front of his home, 1971 Page boulevard. He was the son of Mr. and Mrs. Joseph Randazzo.
Estimates by witnesses of the speed at which the truck was traveling varied from 18 to 50 miles an hour. Thomas Coleman, a Negro, 1008 North Newstead avenue, the driver, told police that the boy ran in front of the truck, but did not testify at the inquest. Coleman will be placed under bond pending presentation of the case to the grand jury.

Woman Killed in Collision of Autos at Roxana, Ill.

Mrs. Relma B. Clagg, 19, was killed yesterday afternoon when a machine she was driving collided at Fifth street and Central avenue, Roxana, Ill., with another car driven by William Fuller, a farmer, residing near East Alton, shortly before both were to have attended the same Christmas party.

Both machines overturned. Mrs. Clagg was crushed to death. Her nephew, Harold Cox, 5, riding with her, crawled from the machine before assistance arrived. He was cut and bruised. Fuller was thrown out of his car, suffering bruises.

Mrs. Clagg had assisted with preparations for the party at the home of her sister, Mrs. O. H. Cox, and started to her home, several blocks distant, for dishes to set a separate table for the children. Fuller's family stopped to visit relatives in Roxana, and he was on his way to a filling station before going to the Cox home when the collision occurred. Mrs. Clagg is survived by her husband, Earl, and a 14-month-old son, Earl Jr. Ralph Kraft, a telephone lineman of Staunton, Ill., died at St. Joseph's Hospital in Highland today from burns suffered Wednesday night when an automobile in which he was riding caught fire after colliding with a wheat separator near Trenton. Two others in the car, R. C. Metzger of Kimmery and Theodore Patton, of Centralia, escaped with minor injuries.

The wheat separator was being towed by Joseph Pohl of St. Jacob. Kraft is survived by his widow and five children.

Woman Charged With Driving While Intoxicated in Crash.

A young woman who gave her name to police as Miss Marie Delaney, 19, a stenographer, 4922 Farlin avenue, was booked on a charge of driving while intoxicated, following a collision between two machines on Kingshighway, near Botanical avenue, at 1:20 a. m. yesterday.

She was driving a machine owned by David Sallenbach, 22 1/2 Klemm street, and collided with a car driven by Rufus Jones, 3927 West Pine boulevard. Sallenbach had a pint of gin in his pocket, police report, and was booked for possession of liquor.

Five Hurt in One Collision.

Five persons were injured in a collision at Union boulevard and Natural Bridge avenue at 2:15 a. m. yesterday. They were: Mrs. Bertha Hauke, 5443 Union boulevard, fractured ribs; William Janick, 3122 Arden avenue, cuts and bruises; his wife, Frances, skull injuries; their son, John, one month old, fractured leg, and Miss Ethel Foster, 2188 South Main street, cuts and bruises. Miss Foster was riding with John Herman, 1706 Allen avenue. The others were passengers in a car driven by Gerhardt Larson, a carpenter, 5348 Cote Brillante avenue.

Miss Cynthia Calvin, 18, of Alton, suffered fractures of the skull and left arm last night, when struck, at Grand boulevard and Tholman avenue, by a machine, the driver of which failed to stop. A motorist pursued the machine to Virginia avenue and Cherokee street, where the driver lost control and ran against a street light standard. The driver said he was John Bockelkopf, an electrician, 3416 Keokuk street. At City Hospital physicians said he had been drinking. He refused to make a statement.

Dies of Injuries After Accident on Gravois Road.

Cleve Woodcock, 21, millwork-er, 5321 Nashville avenue, died at City Hospital yesterday of a fractured skull suffered last Saturday when he swerved from Gravois road to avoid a collision with another car near Cedar Hill and struck a telephone pole. Woodcock's wife, Vernie, 22, and his mother, Elizabeth, 65, also suffered head injuries and are at the hospital. A coroner's verdict of accident was returned at an inquest Friday.

Robert Cogan, 53 years old, 7800 St. Charles road, died at Barnes Hospital today of injuries suffered Saturday night when he was struck near his home by an automobile driven by Dr. Norman C. Miller, a physician, of 4 Hortus Court. He suffered a broken leg and shock. Dr. Miller took Cogan to the hospital and on the following day surrendered at Clayton and was released on a \$2000 bond to answer any charge that might be placed against him.

MRS. HOWARD GOULD,
FORMER ACTRESS, DIESSeparated From Financier Since
1907 — Long Ill on
Virginia Farm.

By the Associated Press.
LYNCHBURG, Va., Dec. 26.—Mrs. Katherine Clemmons Gould, estranged wife of Howard Gould, died Wednesday after an illness of several months at Blue Gap farm, near here, where she had lived for 15 years. She and her husband had been separated since 1907. She was 66 years old.

Before her marriage in 1898 Mrs. Gould was an actress, known on the stage as Viola Katherine Clemmons. She also was the author of a novel and contributed to periodicals.

She was born in Illinois, but spent her girlhood in California, where her stage career began at the Grand Opera House in San Francisco in 1886. While touring England she was thrown from a horse and seriously hurt in attempting a jump on the stage. Her principal theatrical ventures were sponsored by the late William F. Cody, "Buffalo Bill."

Her marriage to Howard Gould was the climax of a four-year courtship during which their names were frequently linked in the news. Many thought Gould was risking the loss of \$10,000,000 as the will of his father, Jay Gould, stipulated any child who married against the wishes of a majority of the trustees would lose half of his inheritance. No effort was made to curtail his inheritance.

The pair spent much of the time they lived together on the yacht Niagara, where they entertained, among others, the former Kaiser William II and the late Czar Nicholas of Russia.

In 1909 Mrs. Gould obtained a legal separation after a trial in which she was exonerated of serious counter charges. She received \$36,000 a year. During her residence here she was active in philanthropic work.

PILOT DROPS TREE TO PUPILS
IN DESERT COMMUNITY SCHOOLStudents at Place Near Utah-Idaho
State Line Had Greeted His
Flights Since Fall.

SPOKANE, Wash., Dec. 26.—A group of youngsters in a desert community near the Utah-Idaho state line have probably their first Christmas tree yesterday.

The story of the Christmas tree, which dropped from the sky, was related today by Jack O'Brien, air mail pilot. O'Brien said he struck up an acquaintance with the youngsters and their teacher last fall, acknowledging their greeting by dipping his big plane.

He doesn't know the name of the community. It is so small he hasn't found it on the maps. But it is a monotonous expanse of sagebrush, miles and miles from any tree.

O'Brien circled the building Tuesday and gave his motor "the gun." The pupils and teacher peered out of the school. At 500 feet O'Brien released the tree, which he had carried in the mail compartment. It bounded undamaged on the ground.

As he flew on, he said, he looked back to see the group dragging the tree into the schoolhouse.

500-Pound Man Dies at 60.
By the Associated Press.

PORTLAND, Ind., Dec. 26.—George Butterworth, 60 years old, reputed to be one of the world's fattest men, died at his home here following a paralytic stroke Wednesday. He is said to weigh nearly 600 pounds. He had traveled with show and carnival troupes.

DRY LAW PRISONERS
ESTIMATED AT 50,000Association Against Prohibition
Attributes Court Conges-
tion to 18th Amendment.

By the Associated Press.
WASHINGTON, Dec. 26.—Upon the dry laws the Association Against the Prohibition Amendment today heaped the blame for all Federal Court congestion and for the entire increase in the number of Federal prisoners since 1920.

A statistical pamphlet released by the association estimated the number of prohibition prisoners now in Federal, state and county penal institutions at 50,000. It contended prison and penitentiary statistics did not give a measure of the crime problem, for "only a small proportion of those convicted are given felony sentences."

It termed "an example of misdirection" an assertion made last year by President Hoover that only a small proportion of felony cases could be attributed to the eighteenth amendment for it added, "85 per cent of the prohibition violators sentenced in Federal Courts are misdemeanants and not felons."

"Prohibition cases now account for two-thirds of all criminal cases in the Federal courts," said the association, adding the total last year was 56,455. The increase in civic cases with the United States participating, since 1920, was set at 247 per cent but excluding prohibition actions the gain was counted as only 117 per cent.

"From 90 to 95 per cent of all the criminal convictions secured in prohibition cases are on pleas of guilty," said the association. "From 1900 to 1909 pending prohibition cases a year have been 'nolle prossed,' yet in spite of this wholesale weeding out of inactive cases, pending cases still number between 18,000 and 21,000. This brief summary * * * indicates that the whole process is futile and costly."

The pamphlet presented an estimate of the cost of "adequate prohibition enforcement" totaling \$100,000,000 a year with abolition of jury trials in all dry law cases and \$250,000,000 with jury hearing. "Apart from war-time cases, based on the espionage act and selective draft as well as prohibition," it said, "the increase in normal criminal cases from 1920-1929 is shown to have been only 3.9 per cent—less than half the rate of increase in the population of the United States."

WOMAN, 82, BEATEN TO DEATH

Potsdam (N. Y.) Police Investigate
Mystery: Sister, 80, in the Home.

POTSDAM, N. Y., Dec. 26.—The death of Mrs. Margaret Reynolds, 82 years old, a widow, whose body was found cut and bruised in her home at North Lawrence, where she lived with a partly disabled sister, Miss Rose Ann O'Donnell, 80, today is under investigation.

The body was found by a nephew, Anthony O'Donnell, when he went to the house yesterday to extend Christmas greetings. He found Miss O'Donnell, he told police, in a daze in the kitchen of the home. The coroner said the woman had been dead at least 24 hours. A bruise extended the length of her face, one eye was injured, the mouth cut and there were many bruises on the chest and abdomen. Miss O'Donnell said she was awakened during the night—she was uncertain whether it was Tuesday or Wednesday night—by the pressure of something lying across her body. When she investigated, she said, she found her sister's body.

LINDBERGH DISCUSSES PROGRESS OF AVIATION

Says Development in Last 5 Years Has Been Greater Than Anticipated.

By the Associated Press.
NEW YORK, Dec. 24.—The strides made by aviation since he flew from New York to Paris four years ago next May were described today by Col. Charles A. Lindbergh.

"We have had more progress in the development of aircraft in the last five years than could have been foreseen at that time," he said. "In 1925 a good cruising speed was 90 miles an hour. Today we have planes of the same class with cruising speeds as high as 140 miles an hour. The air mail De Havillands we used in 1925 had a carrying capacity of about 400 pounds. Planes today of the same horsepower cruise at least 50 miles an hour faster and carry from three to four times that load."

"The same with the business or sport plane flown by the non-professional pilot. It is more stable, it is easier to operate, and it is much simpler to learn how to fly one. The cost of operation of a privately owned plane today is only a fraction of the cost of a few years back."

Operating Cost Like Auto's.
"The small, private plane of 35 to 100 miles an hour cruising speed can be operated today at practically the same cost as a medium-priced automobile."

"For example, let's take a 100 horsepower plane. It sells for \$3000 to \$5000. You can get from 10 to 15 miles on a gallon of gas; that's with a pilot and two passengers. After 300 or 400 hours—which is about 25,000 to 30,000 miles—it will need an overhaul. Afterward it is ready for another 300 or 400 hours and the total life of a good plane is 2000 hours or more, which is 170,000 miles of flying."

Passenger air travel is increasing—in 1929 it was substantially greater than in 1928—and in many places it is becoming a part of every-day life, Lindbergh said. Most of the air lines of the United States are unable to operate without loss on passenger revenue alone, he continued, and it seems that for some time to come at least mail and express in addition must be depended upon to make air transport operation profitable.

But as the efficiency of the airplane increases, he pointed out, the cost of operation will be materially reduced and will shorten the time until passenger operation is a paying business.

A Chance to "Clean Up."
The business slump, which hit aviation as it did practically every other industry, brought some good as well as evil; it gave manufacturers and research engineers a chance to take inventory, to "clean up" the planes, especially the big transport jobs, the Colonel said. By the phrase "clean up," he meant streamlining, cutting away of wind-resisting angles and gadgets, a cutting down of weight to gain speed without sacrifice of the safety factor.

The cruising speed of several well-known transport planes has been increased several miles an hour during the past year, Lindbergh remarked, and he expects to see it stepped up at least 10 miles an hour more in 1931. The best large transport planes today have a cruising speed of 105 to 115 miles an hour and a top of 135 to 145.

The increase in air transport lines has been phenomenal, the Colonel said. Three years ago there were only a few short passenger air lines in the United States. Today they link every important city in a national network. Two years ago South America had no air passenger lines to speak of. Today, except for the Cape Horn region, South America is encircled by passenger and mail lines. The next development is linking the two hemispheres, the Americas and Europe and Africa by international lines.

Lindbergh has no particular flying plane for the new year. He does not expect to attempt this winter an air tour of South America—a flight he has long had in mind. He is eager to get out to the coast and get the new wing for his Lockheed Sirius low-wing monoplane, a wing which will include a retractable landing gear, adding at least 25 or 30 miles an hour to the speed of his plane.

GEORGE S. MEPHAM FUNERAL TOMORROW

Services to Be Held at Retired
Manufacturer's Residence,
4457 Westminster.

Funeral services for George S. Mepham, retired manufacturer, will be held at 2 o'clock tomorrow afternoon at his residence, 4457 Westminster place.

Mr. Mepham, who was 74 years old, died Wednesday of hardening of the arteries. He retired in 1929 after disposing of his interest in the George S. Mepham & Co., manufacturers of paint pigments, and the collection of armor and Indian relics. He traveled extensively until his health failed more than a year ago.

He was present when the tomb of Tutankhamen in Egypt was opened by Lord Carnarvon in 1922 and had engaged in research in several Indian mounds in the United States. In 1876 he took charge of the display of Missouri minerals at the Centennial Exposition in Philadelphia. For several years he was on the board of directors of St. Louis School of Fine Arts and he was a member of the American Academy of Science, American Archaeological Society, and the Missouri Historical Society. A native St. Louisan, Mr. Mepham was the son of M. S. Mepham, who operated a steamboat line between St. Louis and New Orleans for many years. He established the firm of George S. Mepham & Co. in 1899.

OVER STICK OF CHEWING GUM
Ex-Employee Kills Texas Merchant
When He Refuses Gift; Medi-
cator Also Killed.

By the Associated Press.
EDINBURG, Tex., Dec. 26.—Two men are dead as a result of a shooting affray which followed the proffer and refusal of a stick of chewing gum at Edcouch.

The dead: Marcelino Cano, 47 years old, Edcouch storekeeper; Liberal Garza, 19, Edcouch.

A former employee of Cano entered the store Wednesday night and offered the merchant a stick of chewing gum. When Cano politely refused it, the man began shooting. Cano was shot through the shoulder and abdomen and died at his home. Garza attempted to intercede and was struck by three bullets, dying instantly.

BURNED TO DEATH AT AIRPORT
Dispatcher Had Placed Bucket of
Gasoline on the Stove.

By the Associated Press.
GREENVILLE, S. C., Dec. 26.—E. C. Couch, 22 years old, was burned to death yesterday when the combination office and waiting room of the Eastern Air Transport, Inc., at the airport here was destroyed by fire. Couch had been employed at the airport as a dispatcher. Frank Bishop and B. J. Trammel, cousins of Couch, were in the building at the time, and were seriously burned trying to rescue him.

Couch was off duty, cleaning up the office. Wishing to wash his hands, he placed a bucket, which he thought contained water, on the stove. When it started boiling it was discovered that the liquid was gasoline. In trying to remove the bucket from the stove in a hurry, it was knocked over, spilling burning gasoline on Couch and setting the room afire.

British Liquor Ship Captured.
By the Associated Press.

NEW LONDON, Conn., Dec. 26.—With its stern battered by three one-pounder shells, the British ship Audrey D. de laHave, N. S., loaded with 2800 cases of liquor, was taken into the local harbor yesterday and later towed to New York, with its crew of 10 men. It was captured in Fort Pond Bay at the tip of Long Island.

Coast Guard officers said the vessel had been lying in the vicinity of the 12-mile limit for several days. When a Coast Guard vessel went after it, its attempted flight was checked, officers said, by three shells.

Fruit Merchant Killed in Plunge.
NEW YORK, Dec. 26.—A fall from the bathroom window of his ninth-floor apartment on Riverside drive caused the death of Kenneth Day, 44 years old, reputedly wealthy fruit commission merchant, today. Mrs. Day told police her husband had been ill.

Shot by Estranged Husband, Dies.
By the Associated Press.
HASTINGS, Neb., Dec. 26.—Mrs. Frank Karnes, who was shot Wednesday by her estranged husband while she was working as waitress in a restaurant here, died yesterday. Karnes shot and killed himself. He recently was discharged from the dipomania ward of the State Hospital for the Insane.

ROBBERS WOUNDS FARMER; SHOTS THROUGH DOOR

Christ Weis, 72, living near Springfield, Mo., had been awakened by knocking. Robbers last night shot two men, seriously wounding one, and obtained \$21 in money and several Christmas presents.

Christ Weis, 72 years old, farmer living near here, was awakened during the night by knocking on the door. Opening it he was greeted by the muzzle of a revolver. He slammed the door but a bullet fired through the door entered his body.

Homer Johnson, 22 years old, of Everton, Mo., who was taking Christmas packages to his fiancée, probably will lose several fingers of his right hand. He was shot by robbers in a holdup just south of the city. They took \$21 and his Christmas gifts.

Bevier, Mo., Woman Ends Life. By the Associated Press. BEVIER, Mo., Dec. 26.—Mrs. Murrill Griswold, 40 years old, committed suicide at her home here Wednesday. She went to a neighbor's house, took a shotgun, returned home, seated herself in a chair, pointed the gun at her head and pulled the trigger. She left a note explaining she was worried. She is survived by a son, Kenneth.

JOINT RELIEF BUREAU OPENS ON WASHINGTON

Applications There Will Be Referred to One of the Co-operating Agencies.

The Citizens' Committee on Public Relief, co-operating with established social agencies, opened a joint application bureau this morning at 2027 Washington avenue. Applications for food, fuel, clothing or employment may be made there or at any of the co-operating agencies.

Mrs. E. H. Steedman, chairman of the emergency relief division of the Citizens' Committee, said increased demands on the facilities of the joint bureau. The bureau's staff, headed by Miss Caroline Bedford, has been selected from among those now or formerly connected with established relief agencies.

The bureau will be to refer applicants to one of the co-operating agencies. Where whole families are concerned the work will be assigned to the Provident Association, St. Vincent de Paul Society or Jewish Federation.

Childless couples will be assigned to the Salvation Army, single men to the Bureau for Homeless Men; disabled veterans to the Red Cross, and homeless women to one of several of the co-operating agencies.

Employment Applications. Applications for employment previously filed with the Citizens' Committee in the office it established in the old Southern Hotel building have been transferred to the new office and need not be renewed. The committee accepted about 4000 applications but has been able to find comparatively few jobs.

Placement in jobs is not to be expected until the committee has completed an organization for that purpose, Mrs. Steedman said. As soon as that organization begins to function applicants will be notified when jobs are available.

Employees of Missouri Pacific Railroad have organized a relief committee through which to assist former employees of the railroad and their families who are in need. The company has contributed \$3000 to the fund, representing about the cost of the Christmas festival for employees given last year at The Arena. The celebration was omitted this year.

Workers have agreed to contribute a percentage of their salaries for the next few months and donations of food and clothing are being accepted. John J. McNamara has been chosen chairman of the committee.

CONFEDERACY CAPITOL FIRE

Jefferson-Davis Took Office at Montgomery, Ala., Building. By the Associated Press. MONTGOMERY, Ala., Dec. 26.—Fire of undetermined origin late Wednesday night in the State Capitol caused some damage to books and records in the office of the gasoline tax collector. Water and chemicals seeping through the floor also damaged books in the Attorney General's office.

The building was the capitol of the Confederacy in the sixties. Jefferson Davis took his office as President of the Confederate States of America on Feb. 18, 1862, at Montgomery. The capital was not moved to Richmond, Va., until July 20, 1861.

SLAIN IN FRONT OF HOME

CLEVELAND, O., Dec. 26.—While his wife and children were still shouting over the presents he had just given them, Peter Kasper, 25 years old, stepped from his home Wednesday night and was fatally shot. He died unable to tell how the shooting occurred.

Kasper had told his wife he was going across the street to get a cigar. He had no more than left when a neighbor came in to tell of the shooting. Police said Kasper, a wood-carver, had no known enemies.

SAYS HE IS PAYROLL ROBBER

NEW HAVEN, Conn., Dec. 26.—A man who says he is Edward Slattery walked into police headquarters yesterday and asserted he was the robber who stole the payroll of the Allington branch of the American Mills in West Haven yesterday. One of the company's employees was shot and killed and another wounded in the holdup.

Slattery said he threw the \$4931 payroll away. He described the spot where he tossed the money and police were trying to locate it today.

DIES AFTER KILLING WIFE

Nebraska Left Toys for His Children in Auto. By the Associated Press. BELOIT, Kan., Dec. 26.—John Harrington of Beatrice, Neb., who Wednesday shot and killed his wife, died last night from self-inflicted shotgun wounds. Mrs. Harrington, who recently started a divorce action, refused to return and live with him, he said in explaining the shooting.

After the shooting officers found toys in the back of Harrington's automobile, intended as Christmas gifts for the three Harrington children, who had been living with their mother.

Police Auto Upsets, Two Hurt

East St. Louis City Detectives John L. Foley and Albert J. Bauer suffered minor lacerations early yesterday when their automobile overturned at Eighth street and Illinois avenue, East St. Louis, when they swerved to avoid another car. Their driver, Detective P. A. Boyne, was uninjured.

JUGOSLAV RAILWAYS TURNED OVER TO MILITARY STRATEGIST

Precaution Against Peasants' Discontentment and Aid to Army Said to Be Causes. BELGRADE, Jugo Slavia, Dec. 26.—King Alexander, deciding to turn Yugoslav railways over to a military strategist, appointed Gen. Blagonjevich of the artillery as Inspector-General Wednesday.

The King acted on the advice of the Premier, General Zivkovich. This action was interpreted in some quarters as a means to tighten the grip on national communications so they might be better prepared for military service if the need arose, while other sources asserted that growing discontent among Croatian peasants and townfolk had made precautions necessary.

Dr. Henry Leffmann Dies

PHILADELPHIA, Dec. 26.—Dr. Henry Leffmann, 82 years old, widely known chemist, died yesterday after an illness of more than two months. Dr. Leffmann was the author of many medical works and was a teacher of chemistry in Philadelphia colleges for more than half a century. He was city chemist for several years and won prominence in his research work in connection with poison murder cases.

WILLIAM COTTER, ONCE RAIL EXECUTIVE, DIES

President of Manufacturers' Line Until 5 Years Ago Succumbs at Pasadena, Cal.

William Cotter, president of the Manufacturers' Railway until his retirement five years ago, died of infirmities yesterday at Pasadena, Cal., where he had resided for the last four years.

Mr. Cotter, who was 72 years old, was born at Bloomington, Ill., and started his railroad work as a telegrapher. His first executive position was attained in 1904 when he became general superintendent of the Missouri Pacific, serving about four years until he was made president of the Pere Marquette and Cincinnati, Hamilton & Dayton. In 1916 he became president of the Manufacturers' Railway, a terminal system owned by August A. Busch.

Three brothers also became railroad executives. Stephen E. Cotter of Hotel Chase is vice president

GANG SAID TO HAVE PLANNED KIDNAPINGS IN CALIFORNIA

Alleged Leader Held After Fight With Police; \$50,000 of Checks Secured from Gambler. By the Associated Press. LOS ANGELES, Dec. 26.—Police said today several kidnappings were planned in Southern California by the gang which extorted from E. L. Cares, Los Angeles gambler, \$50,000 in checks.

The men next on the kidnappers' list, authorities stated, were James N. Crofton, Baron Long and Wirt G. Bowman, principal owners of the Agua Caliente Hotel and race track properties, all of San Diego.

James J. Sherman, alias Ralph Sheldon, former Chicago gangster and alleged leader of the kidnappers, has been captured. Sherman was arraigned yesterday on three counts of assault with intent to

TROOPS ORDERED
AGAINST REBELS
IN BURMA WILDS

British Machine Gun
 Squads Sent to Thara-
 waddy District Where
 Tax-Resisters Killed 20.

FEELING AROUSED
BY RANGERS' MURDER

Four Policemen slain and
 Several Wounded in
 Clashes With Natives,
 Who Elude Capture.

By the Associated Press.
 RANGOON, Burma, Dec. 26.—

British soldiers with machine guns
 have been sent into the Thara-
 waddy district, 65 miles north of
 Rangoon, where more than 20 persons
 have been killed in tax-resistance
 rising during the last two days.

Considerable feeling throughout
 Burma has been aroused by re-
 ports of the murder of H. V. M.
 Fiddis Clark, a forest ranger. He
 had returned from an inspection
 tour to his bungalow in the village
 of Wey, the reports said, when
 native rebels closed in and killed
 him.

Four policemen have been killed
 and several wounded in encounters
 with the rebels who thus far have
 eluded capture.

One Killed, Two Injured by Bomb
 in New Delhi Rail Station.

By the Associated Press.
 NEW DELHI, India, Dec. 26.—

One person was fatally injured and
 two others were wounded when a
 bomb exploded in the Delhi Cen-
 tral Station today near the elevator
 between the station and the restau-
 rant.

The baggage master in the sec-
 ond-class waiting room had found
 a package and was taking it to his
 storeroom on a lower floor. As he
 was about to enter the elevator an
 object which looked like a cigarette
 case fell from the bag and struck
 the floor with a sharp explosion.
 The elevator boy was killed and two
 baggage handlers were badly injured.
 Police detained a man found in the
 waiting room and placed a guard
 about the station.

MASS MEETING IN NEW YORK
AGAINST 'CIVIC CORRUPTION'

"Bourgeois-Worst Since Days of
 Tweed and Croker," Says Com-
 mittee Publication.

By the Associated Press.
 NEW YORK, Dec. 26.—A mass
 meeting to protest against "civic
 corruption and racketeering" was
 held today at the City Hall by the
 Citizens Committee, of which John
 Haynes Holmes is chairman. The
 meeting was announced today in
 connection with the issuance of a
 "Manual of Facts" listing political
 scandals in 1929.

Gov. Roosevelt, the manual says,
 declined to order a general inquiry
 into the city government "even
 after he was empowered by the
 legislature to make such an in-
 vestigation."

"Mayor Walker," it continues,
 "although promising co-operation
 to the grand jury in the Ewald
 case has not suspended or re-
 moved from office any of his ap-
 pointees for refusing to waive im-
 munity."

The manual says 12 judges and
 51 city officials have been involved
 in eight "rackets" and 11 irregu-
 larities during the past year. "As
 1929 draws to a close," it con-
 tinues, "the citizens of New York
 look back on a year's record of po-
 litical scandals and debaucheries
 none than anything the city has
 known since the days of Tweed
 and Croker. What has been re-
 vealed are, of course, only a few
 of the surface facts which indicate
 deep sources of corruption which
 are as yet untouched."

HURLEY'S ARRAY OF HATS

Long in War Secretary's Office.

By the Associated Press.
 WASHINGTON, Dec. 26.—Some-

times from Texas, derbies from
 London, fedoras from Italy and
 silk hats from the hatrack of the
 Secretary of War. The favor-
 ite gifts to Secretary Hurley by
 his friends and admirers are hats.

Each week he adds at least one
 new hat to his collection, which
 includes several Indian bonnets.
 The Secretary chooses his head-
 gear each morning from a row of
 hats hanging at the door of his
 home. On several occasions
 guests there have thought the row
 indicated that a large number of
 visitors were present, only to find
 that each hat had the initials "P.
 H." in the band.

Soviet Creates Factory Courts
To Increase Efficiency of Labor

Tribunals, Elected by Employees, Will Try to
 Reform Drunken Workers and Disci-
 pline the Careless and Loafers.

By the Associated Press.
 MOSCOW, Dec. 26.—"Friendship

courts" are the newest legal ex-
 periment of the Soviet Government.
 These courts are to be tried in fac-
 tories of the Moscow district. They
 will not exercise the power of fin-
 ing and imprisoning offenders, but
 will be for the purpose of disciplin-
 ing and reforming workers who are
 addicted to carelessness, inebriation,
 loafing and similar habits.

The economic authorities, in their
 attempt to bring to a successful con-
 clusion the five-year industrializa-
 tion plan, have determined that all
 waste effort shall be eliminated as
 far as possible. Most of this waste,
 they have found, is due to the laxity
 of the undisciplined workers.

The plan is for each factory to
 have its own court with a head
 judge and two assistants elected by
 the employees for one year. New
 workers accused of "lying down on

the job" will be tried and any em-
 ployee will be permitted to take part
 in the arguments either for or
 against the defendants. The pro-
 cedure at a trial will be the read-
 ing of the charges by the head
 judge, and oral answer by the ac-
 cused and the final summing up in
 arguments by any one present who
 cares to talk. The three judges
 then will discuss and announce
 their verdict.

The court can impose any of the
 following "punishments": "Com-
 radely" persuasion; "comradely"
 reprimand; public reprimand with
 or without publication in the press;
 transfer from a higher to a lower
 paid job; suspension for a definite
 period; discharge from the factory
 and finally deprivation of trade
 union membership for a stated
 time.

Soviet authorities hope that the
 new courts will greatly increase the
 percentage of factory efficiency.

 MOSCOW, Dec. 26.—Joseph Sta-

lin, whose last office in the Soviet
 Government was membership in the
 old Commissariat of Nationalities
 seven years ago, today holds
 another office—ordinary membership
 in the Council of Labor and
 Defense.

Chairmanship of this important
 body is vested in Vicheslav Molot-
 toff, who is president of the Po-
 litical Bureau and also of the Coun-
 cil of Commissars, Andre Andre-
 ieff, who is president of the Cen-
 tral Control Committee and of the
 Peasants' and Workers' Inspection
 Commissariat, is deputy chairman.

Stalin continues as head of the
 Communist party. The Council of
 Labor and Defense is one of the
 three interlocking groups which
 govern Russia. The others are the
 State Planning Committee and the
 Central Executive Committee of
 the Communist party.

The Council of Peoples Commis-
 sars, in charge of the new min-
 istries of the Labor and Defense
 Council, announced also the crea-
 tion of a new body to be known as
 the "Commission of Performance,"
 composed of members of other
 commissions and delegated the duty
 of "verifying actual execution of
 Government directions for socialis-
 tic construction, and with perfect-
 ing the work of Government ma-
 chinery." Molotov is chairman of
 this council also and Andreieff is
 deputy chairman.

EXPEDITION OFF TO BRAZIL
TO GET MAN-EATING FISH

Vladimir Perfiloff to Lead Party
 Into Mato Grosso; Plan
 Movie of Jungle Noises.

By the Associated Press.
 NEW YORK, Dec. 26.—The Ma-

to Grosso, or great jungle of Brazil,
 where anacondas abound and 12-
 inch fish have an appetite for
 flesh, is the objective of an expedi-
 tion which will leave here today.

Capt. Vladimir Perfiloff, artist
 and explorer, will lead the 11
 photographers, artists, ethnolo-
 gists, anthropologists, big game
 hunters and soldiers of fortune who
 make up the company.

The first sound movie of jungle
 noises and native village life in
 the Mato Grosso is one of the
 objectives. In addition, zoos will
 receive live anacondas, armadil-
 los, tapirs, jaguars, ant-eaters,
 birds, mammals and fish of a hun-
 dred varieties.

One adventure to which the
 party looks forward is an encounter
 with man-eating fish, the piranha.
 The expedition hopes to
 bring back some of these fish
 alive.

Capt. Perfiloff plans to make
 portraits of the Indians in their
 villages. His base will be 2500
 miles inland on the Paraguay
 River, in the heart of South
 America. Arrangements have been
 made for weekly radio communica-
 tion.

MEXICO PROPOSES NEW LAW
TO GOVERN INSURANCE FIRMS

Would Have Companies Invest 55
 Per. of Prof. of Reserves in
 Country.

By the Associated Press.
 MEXICO CITY, Dec. 26.—The

Chamber of Deputies has approved
 a proposed law for the Department
 of Industry, Commerce and Labor to
 initiate drafting of a new insur-
 ance law, modifying some of the
 stringent clauses of the present law.

In the new code it is proposed
 to have insurance companies op-
 erating in Mexico organize under
 Mexican laws, employ a majority
 of Mexicans and invest 55 per cent
 or more of their reserves in Mex-
 ico.

 ployed in British industries, a total
 of 2,474,170. This is an in-
 crease of 500,000 since 1922.

33 KILLED, 70 HURT
IN EARTHQUAKE IN
ARGENTINE TOWN

Relief Expedition Reaches
 Andean Village After 24-
 Hour March and Finds
 Place in Ruins.

TWO BIG CRACKS
IN EARTH'S SURFACE

Many Persons Are Reported
 to Have Fallen Into
 Chasms and to Have
 Disappeared.

By the Associated Press.
 SALTA, Argentina, Dec. 26.—

Thirty-three dead and more than
 70 persons injured were counted
 today as the toll of earthquakes
 over the holidays which destroyed
 La Poma, a small Andean village.
 A relief expedition arrived in the
 town yesterday after a 24-hour
 march and found the survivors of
 Wednesday's earthquakes terror-
 stricken by six tremors, camped
 among the debris of their homes.

Survivors said that the earth-
 quake which Saturday knocked
 down houses and caused most of
 the damage was accompanied by a
 sound like thunder from beneath
 the earth's surface. It increased
 until it sounded like the galloping
 of many horses.

As masonry fell and plaster was
 thrown from ceilings the inhabit-
 ants fled to the open fields where
 they wandered about until dawn,
 when they returned to their
 wrecked homes.

Two huge cracks in the earth's
 surface from which oozed hot wa-
 ter, were left by the earthquakes.
 They were left by the earthquakes.
 A number of persons were said to
 have fallen into the cracks and
 disappeared. Neighboring moun-
 tains emitted smoke during the
 tremors.

HUNDREDS ATTEND CHRISTMAS
CEREMONY AT GIANT SEQUOIA

Message from President Read to
 Gathering by Gen. Grant National
 Park in California.

By the Associated Press.
 GENERAL GRANT NATIONAL

PARK, Cal., Dec. 26.—Around a
 Christmas tree, as it has been
 named, each year draws hundreds
 from Central California to com-
 memorate the "Nativity with
 messages of cheer, songs and
 pantomime."

Soldiers say the tree is the
 world's largest living thing and
 that it is at least 5000 years old.
 A message from President Hoover
 was read by O. S. Hubbard, su-
 perintendent of schools in Fresno. The
 message said:

"Christmas is the children's day
 and older folk can enter into its
 joys only when led by their
 hands."

ALLEGES PERSONAL PROFIT
IN BUYING OF RAILROAD STOCK

C. C. Hand, Resigned Vice Pres-
 ident, Makes Charge in Suit
 Against Kansas City Southern.

By the Associated Press.
 NEW YORK, Dec. 25.—Officers

of the Kansas City Southern Rail-
 road, C. C. Hand, resigned vice
 president, charges, made personal
 profit in the purchase of Missouri-
 Kansas-Texas and Cotton Belt
 stocks by the company.

The charge was made in a suit
 filed against the company in the
 Supreme Court of New York Coun-
 ty. Hand further charges that
 money was lost through attempts
 to merge the line with the Mis-
 souri-Kansas-Texas and St. Louis
 Southwestern, following which the
 stocks were purchased.

Both allegations were denied by
 Samuel Untermyer, attorney for
 the Kansas City Southern.

Joseph J. Weiss was elected yester-
 day to succeed Hand as vice
 president. He will also serve as
 assistant treasurer.

AUSTRALIA'S NEW RULER
BEGAN AS OFFICE BOY

Sir Isaac Isaacs, 75, Until Recently
 Ran a Mile Before Breakfast
 to Keep Fit.

By the Associated Press.
 MELBOURNE, Australia, Dec.

26.—Sir Isaac Isaacs, Chief Justice
 of the Australian Supreme Court,
 who has been appointed the first
 native Australian to be Governor-
 General, began his career of public
 service as an office boy. He is 75
 years old, a profound scholar and
 something of an athlete. Until re-
 cently, to keep himself fit, he ran a
 mile each morning before break-
 fast. He does not smoke or drink.

Once as a youth he won so many
 prizes in an elocution contest that
 a wheelbarrow was requisitioned to
 transport them home. A few years
 later he made a fortune as a law-
 yer.

He speaks Russian, Italian,
 Greek, French, German and Span-
 ish as well as English. More than
 once he has been found chatting
 with Greek hawkers in the streets
 in their own tongue. He is able
 to quote, chapter and verse, al-
 most any passage in the Bible.

A man of prodigious energy, he
 often has spent the entire night in
 the Supreme Court library dictating
 to a relay of stenographers without
 pause from 9 o'clock in the evening
 until 7 o'clock the next morning.

Once, when Judge of the Arbitra-
 tion Court, he delivered a judg-
 ment which took three days to
 read.

He is one of the few surviving
 framers of the Australian Consti-
 tution.

The choosing of Sir Isaac for the
 Governor-Generalship aroused the
 displeasure of King George V.
 Prime Minister Scullin of Australia
 proposed the post to Sir Isaac with-
 out previously consulting the King.

This was contrary to the settled
 usage, but the King acquiesced
 though in more or less open in-
 dignation.

"On the Spot" Thrills Germans.

By the Associated Press.
 BERLIN, Dec. 26.—The German

premiere of Edgar Wallace's "On
 the Spot," brought Berlin theater-
 goers of Christmas thrill yesterday
 afternoon. The sardonic humor of
 this play of American underworld
 manners mostly passed over the
 heads of the audience but the
 shootings went over big. Ferdi-
 nand Hart portrayed the king
 gangster, Perelli.

12 ITALIAN PLANES PREPARE
FOR SOUTH ATLANTIC FLIGHT

Squadron Reaches Bolama, Portu-
 guese Guinea, on Trip to
 Rio de Janeiro.

By the Associated Press.
 BOLAMA, Portuguese Guinea,

Dec. 26.—The fleet of 14 Italian
 seaplanes bound from Italy to Rio
 de Janeiro rested here today. As
 soon as all preparations are made
 and weather conditions are right,
 12 of the planes will strike out
 across the South Atlantic for Natal,
 Brazil, for the first trans-Atlantic
 venture of so large an air squadron.
 From Natal they will fly to Rio and
 possibly to Buenos Aires.

The distance from here to Natal
 about 1800 miles—is to be pa-
 troled by Italian destroyers and
 other naval vessels ready to give
 assistance at any wireless signal
 that a plane is coming down.

The planes flew here yesterday
 from Villa Cisneros, Rio de Oro,
 arriving at 4:30 p. m. The takeoff
 for Natal is not expected until next
 week.

The planes took off from Or-
 betello, Italy, Dec. 17, for Carta-
 gena, Spain. Bad weather forced
 six of the planes to land in the
 Balearic Isles, later to rejoin the
 fleet. The next stop was to Ken-
 dia, French Morocco, and from
 there the planes flew to Villa Cis-
 neros. They are commanded by
 Gen. Italo Balbo, Italian Air Min-
 ister.

FRENCH ADVANCE IN MOROCCO

Troops Occupy Range in Upper At-
 las Mountains.

RABAT, Morocco, Dec. 26.—In a
 "peaceful advance for the protec-
 tion of the Oued Abid Front,"
 French troops, supported by friend-
 ly tribesmen, have occupied the
 Djebel Oghra range in the upper
 Atlas Mountains of the Beni Mel-
 al country. They have established
 several permanent posts there. An
 official communique issued today
 said the operation took place
 Wednesday.

This range, about 140 miles
 southeast of Casablanca, has been
 the center of dissident tribes since
 the French occupied Morocco. It
 was in that region two years ago
 that the nephew of Theodore Steeg,
 then resident-general and now
 Premier of France, was kidnapped
 with a friend and two young
 women and held for heavy ransom.

"INDEPENDENT COULD

Nebraskan, Not a Candi-

 1932 Election.

By the Associated Press.
 WASHINGTON, Dec. 26.—Sen-

ator Norris today turned thumbs
 down on a third party movement
 and said he would not be a candi-
 date for President. At the same
 time the Nebraska Republican in-
 dependent said he would propose
 in the next Congress a constitu-
 tional amendment abolishing the
 Electoral College to enable "a man to
 run independent of any party for
 President."

"This could not be done under the
 present system, Norris said, with-
 out the expenditure of large sums
 of money and organizations in
 every congressional district.

Senator Norris said he doubted if
 "we could start out now and get
 much of a nucleus" behind a third
 party movement.

In connection with his constitu-
 tional amendment, the Nebraskan
 said he was not a candidate for

DAVID ISRAEL'S \$75,000 COUNTY HOME BURNS

House in McKnight Village Destroyed During Absence of Family.

Fire, thought to have been caused by an overheated furnace, early yesterday destroyed the McKnight Village residence of David Israel, hotel owner and Democratic candidate for Congress two years ago. Loss of the property, on the north side of Clayton road, just west of Lay road, was estimated by Fire Chief Sargent of Richmond Heights at \$75,000 for the building and \$25,000 for its contents.

The Israels had left for the South Wednesday and no servants were there. Mr. and Mrs. Alexander Bliech, returning to their home on the Kent road, saw flames leaping from the window of a room immediately over the furnace. Ob-

taining no response to his calls, Bliech broke a window, determined that no one was in the place, and then called the Richmond Heights Fire Department.

The building was a story and a half stucco bungalow of 12 rooms, built by Paul Bakewell, an attorney, in 1915 and acquired by Israel 12 years ago from Mrs. Freen Nulsen.

McKnight Village has no fire fighting equipment although fire plugs have been installed. The blaze had gained such headway by the time the Richmond Heights apparatus arrived that it was impossible to save the house and efforts were confined to protecting other buildings.

Several hundred spectators were attracted by the flames.

TWO GIRLS WHO FLED FROM INDIANA HOMES FOUND HERE

Picked Up By Woman Motorist Early Christmas Day, They Are Turned Over to Police.

When Mrs. Rose Howard was returning to her home in Overland at 2 o'clock Christmas morning, two shivering young girls halted her and asked for a ride to Kansas

City. Instead, she took them to her home, invited them to stay and celebrate Christmas, and put them to bed.

Yesterday she questioned them and upon learning they had run away from their homes in Brazil, Ind., turned them over to police of the Page boulevard station, who sent them to the House of Detention and communicated with their parents.

The girls said they were Venita Schepper, 14 and Frances Siner, 15. They explained to police that a peace disturbance had taken place at their homes, that they had been summoned as witnesses and that they "didn't like the idea of going to court." They ran away last Tuesday, the girls said.

ROCKEFELLER GIVES DIMES TO MANY ON GOLF LINKS

Spectators, Professionals and Attendants at Ormond, Fla., Rewarded by Oil Magnate.

By the Associated Press. ORMOND, Fla., Dec. 26.—Distributing many shiny new dimes, John D. Rockefeller had a happy time Christmas day on the golf

course. A dozen or more spectators, golf professionals and attendants at the course, caddies and just about everybody he happened to see were rewarded.

Rockefeller does not celebrate Christmas this year until Saturday night, when there will be an annual party at his home, the Casements.

The 51-year-old oil magnate discarded his heavy woolen cap with the ear flaps yesterday, as moderate weather made it possible for him to play in comfort in a white, ventilated cap of duck. He wore, however, his customary gray sweater, as he and David H. McConnell of Suffern, N. Y., played eight holes.

LOST BOYS RESCUED FROM PIT OF TAR IN FOOTHILLS

Light From Passing Train Enables Passersby to See Heads and Shoulders of Children.

By the Associated Press. LOS ANGELES, Cal., Dec. 26.—Trapped for hours in a natural tar pit in the Baldwin Hills, Southwest Los Angeles, two small boys were saved yesterday from suffocation

when the searchlight of a passing electric railway train disclosed their heads and shoulders protruding from the blackness.

The two boys, Buster and Jackie Lowe, 5 and 3 years old sons of John Lowe, had been presented with a tricycle. They ran off the south end of Hauser boulevard in to the pit yesterday just as dusk

was falling.

Shortly before midnight Mr. and Mrs. A. M. Boyd, heard faint cries. They looked around them but could see nothing. As they were about to continue their way home, an electric train rounded a curve, its big headlight flashing over the pits. Two terror-stricken faces were bathed in light for only an

instant, but Boyd and his wife saw them.

Buster and Jackie were dragged from the pit and taken to a hospital. Recovering from their shock quickly, the two boys were home again today continuing their Christmas celebration—keeping well away from the south end of Hauser boulevard.

be able to put this new philosophy
of government into either of the
old parties."
The Democratic party represents
the same principles as the G. O. P.,
he said, and its machinery is con-
trolled by the same invested
groups. Predicting similar treat-
ment of Progressives within its own
ranks if the Democrats came into
power, Prof. Dewey insisted "the
new political philosophy needs its
own incarnation."
Republicans and Democrats are
all alike, said Prof. Dewey, and
millions of Progressives are so dis-
gusted with them that a new or-
ganization could elect a President
by 1940.
"Many outstanding men and
women in this country from every
walk of life," he wrote, "recognize
the need and will support such an
alignment. State Governors, Fed-
eral Judges, Congressmen and Uni-
ted States Senators, now working
within the old parties, have ex-
pressed their conviction to us that
a new party must come."
The League was organized by
Dewey and 100 other liberals in
September, 1929.
Lucas Attempts to Place Other
Progressives.
WASHINGTON, Dec. 26.—Robert
H. Lucas, executive director of the
Republican National Commit-
tee, Wednesday night described as
"malicious" Senator Norris' state-
ment intimating that the President
was back of Lucas' attempt to read
Norris out of the party.
A little later Representative
Wood of Indiana, chairman of the
Republican Congressional Commit-
tee, repeated that Norris was a
"damnable" and asserted that he
made his recent attack on the Ne-
braskaan after a White House call
about another matter. The Presi-
dent did not know he intended
making it, Wood said.
Meanwhile, Senator Howell Nor-
ris' Republican colleague, renewed
his demand that Lucas either be
dismissed or resign.
In a statement through the Na-
tional Committee, Wood asserted
that Norris proved he was a "dam-
nable" when he repeated the old
campaign calumnies of the Presi-
dent which were worn threadbare
and proven false a number of
years ago.
"Senator Norris insists he is not
a Democrat, but is a Progressive.
A crawling snake in progressive
but he always progresses backwards."
Other Independents Acceptable.
Both Wood and Lucas said they
had no quarrel with any other In-
dependent Republicans because
they had supported the party's
presidential nominees. Norris
campaigning for Alfred E. Smith
in 1928.
"In view of Senator Norris' ma-
licious statement attempting to
embarrass the President by fasten-
ing upon him responsibility for my
actions," Lucas said in a statement
dictated to Republican National
Headquarters from his home in
Louisville, "I wish to say again that
neither the President nor anyone
in the White House even had any
knowledge, or were even consulted
about my action in connection with
Senator Norris."
"What I did," he added, "was
solely and emphatically upon my
own responsibility and I was ap-
pointed by and am solely respon-
sible to the Republican National
Committee."
Lucas, in a statement through
Republican headquarters said
he had no quarrel with Sen-
ators Cutting, New Mexico; Howell,
Nebraska; Nye, North Dakota, all
identified with the Independent
wing, or any other Senator "who
affiliated himself with the Republi-
can party."
"With the exception of Norris,
they all supported the Republican
party and its nominees in 1928,"
he said, adding:
"Senator Norris, on the other
hand, is in a class by himself. He
denounced the nominee of the Re-
publican convention at Kansas City
in 1928. He threw his support to
and made speeches for Gov. Alfred
E. Smith, the Democratic nominee.
No other Republican Senator did
this, whether he was called a Pro-
gressive, regular or member of the
Farm-Labor party.
"In the recent campaign I sup-
ported with all my heart every
national Republican candidate ex-
cept Senator Norris, because those
candidates had remained loyal to
the party in the campaign of 1928
and were entitled to my support
and the support of all Republicans.
I assisted the anti-Norris Republi-
cans of Nebraska because Senator
Norris had deserted them in 1928
and supported the Democratic
party.
"I shall not engage in any con-
troversy with any Senator, irre-
spective of his political views, who
remained in the party and support-
ed its nominees in 1928, and conse-
quently I am not disposed to reply
to the criticisms made of me by
them."
In a statement, dictated from
Louisville, Lucas replied to Sen-
ator Borah's rejoinder that Lu-
cas and his supporters were the
ones who should be thrown out of
the Republican party instead of
the Independents.
"There is the greatest distinction
in the world between Senator Borah
and Senator Norris," Lucas said.
"Senator Borah has ably and con-
sistently supported Republican
nominees for President; Senator
Norris has opposed them. And this
is exactly the basis of my opposi-
tion to Senator Norris. I have no
quarrel with any members of the
Republican party, Progressive or
otherwise, who support presiden-
tial candidates."

ATTEMPT MADE TO BREAK INTO VANDERBILT MAUSOLEUM

\$5000 Damage Done to \$300,000 Structure, Inner Vault Not Reached

NEW YORK, Dec. 26.—Two sleuths and three sets of footprints in snow are the only traces found by police and private detectives who are seeking the men who tried to batter their way into the \$300,000 mausoleum holding the remains of Commodore Cornelius Vanderbilt and his relatives in the Moravian Cemetery, New York, S. I., Tuesday night.

Detectives agree that the motive was to get at least one coffin to hold for ransom and that the daring attempt to get the inner recesses of one of the most heavily guarded tombs in the world was by persons well acquainted with a mausoleum that has been kept from public access and gaze more than five years.

While three detectives and several policemen remained on guard yesterday, keeping visitors more than half a mile away from the tomb, preparations were started to repair the \$5000 damage.

The lower panel of the outside bronze door, 23 feet high and valued at \$2500, had been sawed and hammered out enough to permit a man to gain entrance. Farther along inside, the lock on a heavy limestone door had been battered, but the vandals had been unable to open the door to the inner recesses of the vault.

FOUR NEGROES SUFFOCATE WHILE ASLEEP IN TRUCK

Oxygen Consumed by Oil Lamp They Burned in Airtight Van.

NEW YORK, Dec. 26.—Inclosed four days in what is advertised as the largest motor van in the world, the bodies of four Negroes were discovered last night when police, acting on information from Philadelphia, found the truck in a parking place in Jamaica, Queens. Death is thought to have been caused by suffocation.

Three of the men were members of the van's crew, the fourth a wanderer they picked up on the trip from Philadelphia. Last Sunday night, after parking the truck, they chose to sleep in it rather than go to a rooming house. The body of the truck is airtight; they shut themselves in it against the cold and lit three oil lamps. The oxygen in the van was used up by the flames and the four men died in their sleep, in the opinion of police.

There were no marks to indicate the men had met violence.

CROWDS VISIT ITALIAN SHRINE TO SEE MODEL OF MANGER

Was Built by Capuchin Monks in Thirteenth Century.

GENOA, Italy, Dec. 26.—Crowds of Genoese, joined by many Americans, climbed yesterday—as they will for two weeks to come—to the celebrated shrine of the Madonna delle Grazie to see the most elaborate Christmas manger in Italy. Here in the year 1223, when the news of the Presepio, or manger, built by St. Francis at Greco spread through the peninsula, the Capuchin monks built a grotto 13 feet high, made of Sardinian cork with galleries giving a perspective of the mountains. They arranged a system by which figures of shepherds and their flocks, together with the three Kings, moved down to the manger where lay the child Jesus. The wooden figures used today were carved by the noted artists Gagliardi and Maragliano.

FORMER DRUGGIST BANKRUPT

A voluntary petition in bankruptcy, listing assets of \$4556 and liabilities of \$81,707, was filed in Federal Court today by Herman Mack, former druggist, at Tenth and Carr streets.

The principal liability is described as a personal injury damage suit for \$75,000 by Thomas G. Hawkins, pending in Circuit Court. Attorneys for Mack said the suit grew out of the shooting of a customer by a drug clerk in Mack's store during an altercation.

COBBLER FELS ROBBER AFTER OFFICER IS FATALLY WOUNDED

Two Youths Held After New Orleans Bank Holdup; \$3500 Taken in Second Robbery.

NEW ORLEANS, La., Dec. 26.—Four robbers escaped with \$3500 in one holdup here. Wednesday, while another was frustrated and two youths jailed after a policeman was fatally wounded.

Four men held up employees and customers of the Dyrades Branch

of the Hibernia Bank and escaped with \$3500 in what apparently was a well-planned robbery. Later, two youths entered the Rocheblave Branch of the Canal Bank and Trust Co. One threatened employees with two pistols; the other collected money from the cash.

Policeman Ernest Grillet peered into the bank. The gunman rushed over and fired two shots into his body at close range, inflicting mortal wounds, and jumped into a passing automobile.

His confederate dropped the money and headed for the door but

was killed by A. J. Vicario, a cobbler who had entered during the holdup, with a lusty blow between the eyes. Later a youth was arrested and charged with being the gunman. The pair gave their names as Otto Deeters, 19 years old, and Jules Van Hoven, 21.

The Rocheblave Branch Bank was held up a month ago and a grocer was killed and two policemen were wounded.

Fires at Robber in Edwardsville.

A shot was fired at an intruder who took \$100 in merchandise from

the Trione Grocery Co. store, 1060 North Main street, Edwardsville, early yesterday morning, by Charles Robush, living above the store, but apparently did not take effect. Entrance was made through a forced window.

Girl Bitten by Dog, Dies.

HUNTINGTON, Ark., Dec. 25.—Wilma Jean Looper, 3-year-old daughter of Mr. and Mrs. Hamilton Looper, died Tuesday night from rabies. She was bitten a month ago by a dog, not suspected of having rabies, and became ill Saturday.

\$15,000,000 IN BONUSES

By the Associated Press.

NEW YORK, Dec. 26.—Millions in Christmas bonuses cheered the hearts of employees of dozens of New York firms. Payments announced just before the holiday swelled the New York bonus fund to well over \$15,000,000.

The Curb Exchange announced a payment amounting to 4 per cent of their annual salaries to all employees, and the Rubber Exchange gave 5 per cent. Other firms and organizations also gladdened the hearts of their workers.

SUSPECT SHOT BY OFFICER

By the Associated Press.

OKLAHOMA CITY, Ok., Dec. 26.—Les Carg, suspected of half-dozen Oklahoma bank robberies, was shot and perhaps fatally wounded at a street intersection here today by Irvin Yates, motorcycle officer. The two exchanged shots when Yates recognized the suspect and attempted to arrest him. The officer was not hurt. Carg had been sought for connection with a series of bank robberies at Sparks, Chandler, Co. and Prague, Wirt and Ripley.

SHARP STOCK BREAK MARKS CLOSE OF A DULL MARKET

For First Time in Three Years Wall Street Comes Back From Christmas Holiday in Bearish Mood—Drop in Wheat Probably Accelerates the Decline.

NEW YORK, Dec. 26.—For the first time in three years Wall street came back from the Christmas holiday in a bearish frame of mind today.

The stock market broke rather sharply in the latter hours of the day's trading, with a break in the wheat market probably accelerat-

ing the decline. The market closed with a loss of 1 1/2 points, or 15.75 points, from the previous close. The volume was 10,000,000 shares, a record for the year. The market was characterized by a general decline in most sectors, with a notable drop in the wheat market. The closing prices for major indices were: Dow Jones Industrial Average, 260.12; Standard & Poor's 500, 188.12; and the New York Stock Exchange Composite, 11.12. The market was expected to remain bearish in the coming weeks.

PART THREE.

WALL STREET SHARP STOCK BREAK MARKS CLOSE OF A DULL MARKET

For First Time in Three Years Wall Street Comes Back From Christmas Holiday in Bearish Mood—Drop in Wheat Probably Accelerates the Decline.

NEW YORK, Dec. 26.—For the first time in three years Wall Street came back from the Christmas holiday in a bearish frame of mind today.

ing the decline. This was in distinct contrast to the vigorous advance after Christmas day a year ago, and the comparative steadiness on Dec. 26, 1923. In 1923 the market closed moderately.

There were numerous losses of two to six points, several issues breaking into new low ground. The market closed with a weak tone, at about the lowest. Trading was light until late in the day, and transactions aggregated only 1-550,000 shares. Merchandising shares were sold. Macy dropped 6 to a new low and Sears-Robuck more than two. Selling, however, embraced virtually all groups.

Allied Chemical, Auburn and Case dropped 6 and issues losing three or more included American Telephone, American Can, Westinghouse Electric, Western Union, Coca-Cola, Air Reduction, American Tobacco B. Shares losing two or more included Bethlehem Steel, U. S. Steel, du Pont, North American, Consolidated Gas, Stone & Webster, New York Central and Woolworth.

A declining stock market in the last week of the year has been rare in stock market history. Selling to establish losses for income tax purposes has usually been completed by that time, and traders have been inclined to accumulate stocks in expectation of a January reinvestment demand. Furthermore, holding and investment companies have favored a firm market at the close of the year, to give a large market value to their holdings as reported in their Dec. 31 statements.

Suffers From Neglect.
Today's stock market appeared to

be suffering from neglect as much as anything. There was little in the business news to encourage speculation for the rise, and many traders who left town for the holiday planned to stay away until next Monday. The opinion was expressed in brokerage circles that there was still a little belated tax selling in progress, and the feeble tone of the list encouraged bear selling. Anaconda was an active and firm feature of the early trading. Declaration of the regular dividend was encouraging, as was the statement which accompanied the announcement, showing cost per pound, after all charges at 8.63 cents.

Credit Is Stationary.

Business reports reflected little but the year-end quiet normally apparent at this time. It was pointed out, however, that the year-end let down started from an abnormally low level, producing such widespread slackness that such indicators as to the new year's activity, as are often apparent at this time, were lacking.

Credit rates were in the main stationary, but call money, officially at 2 per cent, was firm, reflecting the year-end and banking demand for funds.

The break in wheat carried July delivery off 3 cents a bushel to 62 1/2 cents, the lowest price since 1896, when it touched 54 1/2 cents. December, however, was well supported, losing only 1/4 of a cent. Corn lost 2 1/2 to 2 3/4 cents a bushel, but cotton futures were off only slightly, closing 20 to 55 cents a bale lower.

Foreign exchanges were dull, and steady to firm. Sterling cables

rallied 1-16 to \$4.85 1/2. The Canadian dollar and French franc also were firm.

JAZZ FLOURISHES IN OPERA

BY YOUNG GERMAN COMPOSER

Erwin Dressel's Latest Is "Poor Columbus," After Gilbert and Sullivan Style.

By the Associated Press.
BERLIN, Dec. 26.—A 20-year-old Berlin composer has brought jazz-age flourishes to the German operatic stage.

The composer, Erwin Dressel, now has brought out a parodic opera after the Gilbert and Sullivan style—and Christopher Columbus is its hero.

Already Dressel has three operatic successes to his credit, and his present opera, "Poor Columbus," was composed when he was 17.

Dressel makes no attempt to adapt his music to the time of the play—1492 or thereabouts—for jazz and the fox trot seem to flourish at the proud Spanish court.

The saxophone and even the musical saw are called into operation to produce the light lulling melodies in which the piece abounds.

Some German critics are inclined to think the discoverer's historic character is treated with too much levity.

"Poor Columbus" is represented here as a rather greedy money-grubber, a boaster of no scientific attainments. In fact, he cuts any thing but an heroic figure until the last scene, when the skyscrapers of New York furnish a brilliant background to a grand apotheosis.

YOUNG NEW YORK REDS MAKE FUN OF CHRISTMAS

Star of Bethlehem Depicted as Dollar Sign in Anti-Religious Pageant.

Special to the Post-Dispatch.
NEW YORK, Dec. 26. — The Young Pioneers, juvenile organization of Communists, yesterday staged a pageant in which much fun was made of religion, capitalism and the Christmas celebration. On the stage at the Central Opera House there was a great tree topped with a huge dollar sign. Other decorations on the tree were cardboard caricatures of Grover Whalen, whose term as Police Commissioner spelled many a bludgeon for the Communists, and a black-jack and a revolver.

The opera house was crowded with youngsters and grownups. Many in the throng however carried their Christmas bundles.

In the first scene of the pageant a boy speaker mockingly praised the holiday and pointed to the Red notion of the Star of Bethlehem—the dollar sign. Then there was a boxing bout between religion and science, two very able fellows, and, it being a Communist Christmas, science knocked out religion in the seventh round.

As an interlude, Miss Religion walked a rope, supported on either side by Besses and Ignorance. In the next scene a Boss, wearing a bear's head, and a keeper, placarded as "A. F. L.," shook hands and the keeper one by one turned over small children representing child labor, wage cuts and similar ideas, to the bear to be devoured. In another interlude a girl seeress saw in her crystal ball a fire conceived as the Soviet movement, gradually sweeping over the world. Her shout "The United States Soviet shall live forever!" was applauded and cheered.

The audience sang, "Hail, Hail, the Gang's All Here" as the last scene opened. It represented a religious group as drinking and reeling about the stage.

A woman speaker referred to the bread lines as the workers' Christmas party and contrasted the scene to the parties in the homes of the rich. She denounced Whalen, Mayor Walker, former Gov. Alfred E. Smith, "God and other bosses" and wished everybody a "Revolutionary Christmas."

CHRISTMAS BROADCAST FROM ORIENT HEARD IN AMERICA

Bells of Manila and Native Music of Tokio and Honolulu on Radio.

NEW YORK, Dec. 26. — Merry Christmas and Happy New Year greetings direct from the Far East and the mid-Pacific were distributed throughout America by radio yesterday. The salutations originated in Japan, the Hawaiian Islands and the Philippines, which joined in the most ambitious rebroadcast yet attempted from across the Pacific.

From the studios of JIAA, Tokio, came the first words and a presentation by a native orchestra. The next stop was at Honolulu, where from the studios of KGMH the Governor-General of the Hawaiian Islands greeted the homeland and Hawaiian musicians sang and played. The program closed at Manila, from which came chiming church bells and native music.

It had been planned to have China take part in the broadcast but because of inability to complete technical arrangements the first 10 minutes of the 40-minute program consisted of organ music from San Francisco, control point for the broadcast.

The feature was made available to listeners through the combined networks of the National Broadcasting Co., short waves being used to span the Pacific. The signals were picked up at the RCA experimental station at Point Reyes, Cal., and cut into the network at San Francisco.

Reception, while not ideal because of a pronounced "swing," was good enough so listeners could understand what was being transmitted. Manila's signals were of the best quality. Switches from one station to another were almost instantaneous.

WIFE OF SINCLAIR LEWIS OPERATED ON IN BERLIN

Taken to Clinic After Appendicitis Attack; Complete Recovery in Two Weeks Foreseen.

By the Associated Press.
BERLIN, Dec. 26. — Mrs. Sinclair Lewis today underwent a successful operation for appendicitis at the Mommensen Clinic, and this afternoon was reported resting comfortably. Prof. Huebner, who performed the operation, said she would recover completely within a fortnight.

Lewis, who recently came here with his wife from Stockholm, where he received the Nobel prize in literature, said Mrs. Lewis was taken suddenly ill early this morning.

FIVE DIE OF POISONOUS LIQUOR

By the Associated Press.
NEW YORK, Dec. 26. — Five persons are dead here from drinking poisonous liquor Christmas.

In their homes, on the streets, in subway stations and on piers they collapsed yesterday and were taken to hospitals for treatment that failed. Five more deaths are being investigated in the same connection and 48 persons were being treated for acute alcoholism.

Dr. Charles Norris, medical examiner, said it was the lightest Yuletide casualty list in three years. Last year 55 cases were treated, although there were no official fatalities. In 1935 there were two deaths and 55 instances of illness.

Fire Destroys \$800,000 in Sugar.
By the Associated Press.
TRACY, Cal., Dec. 26. — Fire last night swept through a warehouse of the Holly Sugar Co. here containing 160,000 sacks of sugar. The loss is estimated at \$800,000.

Aviation Radio Hangar Burns.
By the Associated Press.
RANTOUL, Ill., Dec. 26. — Fire destroyed a war-time wooden hangar housing the Army aviation radio school at Chautau Field here last night with a loss of more than \$500,000. All but \$30,000 of the

loss was due to destruction of radio equipment, much of which was experimental and rare, army officers said. Valuable remote con-

trol apparatus was ruined. Lieut. R. C. Wriston, acting adjutant, said it would be replaced only with much difficulty.

WILL YOU LOVE ME IN DECEMBER AS YOU DID IN MAY

DON'T blame your car if it won't start in winter as it did in warm weather. Give it a chance; give it Mobilgas!

What's more: the weather prophets predict an old-fashioned winter—the kind they used to have when the old songs were new. And Mobilgas is ready for it.

This modernized gasoline is made to start a cold motor on the coldest night—and to start it quicker. The same skill, experience and quality that go into Mobiloil Arctic are behind Mobilgas, the modernized gasoline. And all our pumps have it today.

You'll save on Mobilgas too. It will help avoid the battery-killing grind of the starter on zero nights. It will shorten the use of the choke and prevent the carburetor-flooding that thins oil to the danger point. And its price is that of regular gasoline.

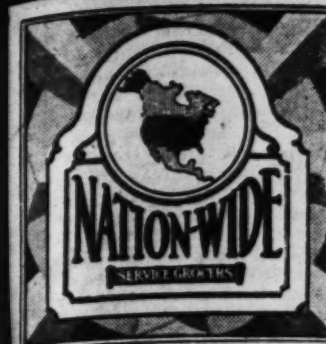

Switch to winter Mobilgas for one cold night and let your car decide!

FRUIT ACCESSORIES FOR FOWL AND MEATS

Piquant Sauces Often Substituted for the Once Generally Used Gravy.

While the rich brown gravy of pioneer days has not been altogether dispensed with at festive and formal dinners, fruit sauces are being served very generally with roast turkey, baked goose and baked fresh and smoked pork hams.

Recipes for several of these sauces follow:

Hot Cider Sauce.
This tastes very much like champagne sauce and is nice with a

baked ham of pork, either fresh or smoked.
Melt two tablespoons of bacon fat, blend in two tablespoons of browned flour and add gradually a cup and a half of sweet cider. Stir constantly until the mixture thickens and boils. Add one-eighth of a teaspoon each of salt and mustard, one-quarter of a teaspoon of paprika and a tablespoon of Worcestershire sauce.
Cook over boiling water for ten minutes and serve.

Orange Sauce.
This is a dressing especially delicate for capon or roast duck or goose.
Simmer one-quarter cupful of butter to a delicate brown, add one-quarter cupful of flour and cook to a paste while stirring, then add one and a half cupful of water, the grated rind and juice of two oranges, and season with salt and paprika.

Grape Juice Sauce.
Make it by adding one cupful of grape juice and one cupful of water to the liquid in the roasting pan,

cook gently and season with paprika. Thicken slightly by adding two tablespoons of flour mixed to a paste with cold water and strain over half a cupful of white grapes quartered lengthwise and freed from their seeds. Simmer five minutes and serve.

Hot Cherry Bouillon.
Hot cherry bouillon is made by draining the juice from a quart of canned cherries, adding a stick of cinnamon and boiling for two or three minutes. Then add clear consommé, season with salt and pepper and thicken with dairy arrowroot. When ready to serve add a spoonful of fluffy whipped cream.

Cheese Sandwiches.
Cut stale bread in quarter-inch slices and then in uniform pieces. Cut cheese to fit the bread and sprinkle lightly with salt and cayenne. Put a piece of cheese between slices of bread and brown in a little butter until delicately browned on both sides.

UNCOOKED SWEETS RICH WITH FRUITS

Homemade Sweetmeats of All Kinds and Types Are in Great Favor.

Uncooked sweets are featured at informal afternoon tea when guests enjoy a taste of candy. These uncooked mocha creams are very delicious.

Mocha Creams.
One-half cup very strong coffee infusion, two tablespoons butter, five tablespoons cocoa, three-fourths cup finely chopped walnut meats, one-half teaspoon vanilla and confectioner's sugar, about four cups.

Heat coffee to boiling point. Remove from fire, add butter and cocoa to hot coffee, blend well and thoroughly. Add vanilla and last of all the sugar, a little at a time, working in well with a spoon until candy is stiff enough to form into balls about the size of a large marble. Flatten balls a little and set aside to harden on a buttered platter.

To make these creams a little extra after-dinner coffee can be prepared and merely heated up when needed for the candies. If the nuts and other ingredients are ready the creams may be prepared in a quarter of an hour. This recipe will make about one and three-fourths pounds.

Parisian Marshmallows.
Chop one-half cup each of raisins, figs and dates very fine, or put through meat grinder. Add one-half cup of chopped nuts and one tablespoonful of orange juice. Mix these together and press one-half of the mixture into a buttered and sugared tin. Put a layer of cut marshmallows in between and press the rest of the mixture on top. Press firmly together. Let stand until firm, cut in squares and wrap each piece in waxed paper.

Christmas Sweets.
One-fourth pound candied cherries, one-half pound blanched almonds, one-fourth pound seeded raisins, one-half cup nut meats, chopped (walnuts), one-fourth pound figs, chopped; one-fourth pound pecan meats, chopped. Mix well and finely chop. Cover the bread board with powdered sugar, turn the mixture on the board and knead well. Cut in small squares, roll in sugar and pack in boxes with wax paper between each layer.

DAINTY FROSTED TIDBITS
Nut Meats and Fruits Delicious When So Treated.

To one egg white well beaten add gradually one cup sifted confectioner's sugar and one-half spoon vanilla. If this is not a sufficiently thick mixture add more sugar as needed.

Dip into this frosting walnut and pecan halves, whole butternuts and whole blanched almonds. Bunches of fresh grapes may be frosted successfully. Stir in seedless raisins and drop about seven or nine in a cluster to harden on a platter. A frosted cherry may be added on the top of cluster for garnish.

Green or red vegetable coloring may be added to the frosting for variety.

RECIPES FOR DISHES IN WEEK'S MENUS

Simple and Substantial Dishes Which Will Please the Family.

For corned beef allow 30 minutes simmering for each pound of meat. Remember that simmering means cooking just below the boiling point, and is the temperature best suited to producing tender meat. Add an onion in which has been stuck three whole cloves, a handful of celery leaves and a small bayleaf to the water in which the beef is cooked. The peas for dessert may be baked the day before while the pork chops are cooking or while the potatoes are baking for Monday lunch. Use the winter peas, baking them whole in a thin sugar syrup flavored with orange or lemon rind and a few cloves or a small piece of stick cinnamon.

Peach Conserve.
If you missed making this when fresh peaches were in season, it is still possible with dried peaches. Grate one pound of them overnight in cold water to cover and in the morning cook slowly in the same water for 30 minutes or until very tender. Rub through a coarse strainer, and to the pulp add an equal amount of sugar, the rind of two oranges, juice of one orange and one lemon, and one cup seedless raisins. Boil slowly for 40 minutes, stirring frequently to prevent burning. Remove from the fire and stir in one cup of seedless raisins, one cup of seedless raisins, one cup of seedless raisins, one cup of seedless raisins. Pour into sterilized jelly glasses and when cold cover with melted paraffin. Makes about eight medium-sized glasses of conserve.

Apple Souffle.
Mix two cups thick sweetened apple sauce with one tablespoon lemon juice and one teaspoon grated lemon rind, and put in the bottom of a greased baking dish. Melt four tablespoons butter or any cooking fat and add four tablespoons flour. When well blended stir in one cup milk and cook until thickened and smooth. Remove from the fire and beat in two tablespoons sugar and the beaten yolks of three eggs. Cool slightly and then fold in the stiffly beaten whites of three eggs. Pour this mixture over the apple sauce and bake in a moderate oven for 15 minutes or until well puffed, firm and brown. Serve at once with cream or golden sauce.

If the souffle has to stand do not remove it from the oven and do not open the oven door, or the souffle will fall. Try to plan to serve it as soon as it is done.

Cream of Squash Soup.
Mix one cup cooked, strained squash with two cups scalded milk, one-half teaspoon sugar, salt and pepper to season and three tablespoons butter. A little celery salt may also be added. Heat to the boiling point in a double boiler and stir in two teaspoons flour mixed to a smooth paste with a little cold milk or water. Cook five minutes longer and serve with a garnish of minced parsley.

Potato Croquettes.
Mix two cups leftover mashed potatoes with one-fourth cup scalded milk, two tablespoons melted butter, the yolk of one egg, salt and pepper to season and one teaspoon minced onion. Beat well and chill. Shape into croquettes and roll in the egg white slightly beaten and mixed with one teaspoon of cold water. Next roll in very fine dry breadcrumbs and fry in deep fat heated to 375 degrees, or until it will brown a piece of bread in 40 seconds. Drain on soft paper and serve hot.

SALAD OF WINTER CABBAGE

Besides Being Wholesome, This Vegetable Is Versatile.

When lettuce is scarce, and consequently high in price, it is well to remember that raw cabbage makes an excellent salad at a very low cost.

Shredded raw cabbage used alone, or combined as lettuce often is, with celery, apples, green pepper, raw carrot, cooked string beans, sliced onions, etc., and seasoned with French dressing, may be used several times a week during the winter months.

Cabbage is one of the most important and the most valuable of our winter vegetables. Fresh cabbage is firm and white in color—avoid heads that are speckly and flabby.

Cabbage for salad may be crisped by shredding it and soaking in ice water for a short time—half an hour or so, then draining thoroughly before mixing with the dressing.

NICE POPCORN BALLS

Convenient to Have for Friends and Children's Visitation.

To every two quarts of popcorn use a cupful of either corn syrup or molasses, depending on whether you prefer the balls white or brown. Boil this together with good tablespoonful of butter and teaspoonful of vinegar until it is brittle in cold water. Add a pinch of salt and pour it over the corn. Shape it at once into balls and when cool wrap in waxed paper.

TEMPERATURE AND PRECIPITATION

W. L. DeWolf Had Been in Poor Health, Nephew Said.

PASADENA, Cal., Dec. 26.—Wallace L. DeWolf, 75 years old, millionaire real estate executive of Highland Park, Ill., shot and killed himself in his winter apartment yesterday. Roy Kellogg of Pasadena, a nephew, said DeWolf had been in poor health.

RIQUEFIED OIL CO. HEAD

RICHFIELD OIL CO. HEAD
By the Associated Press.
NEW YORK, Dec. 26.—William C. McDuffie, president of Pacific Western Oil Co., has been elected president of the Richfield Oil Co. He pointed out that his assumption of the new position will not affect his status as president of Pacific Western.

Although there have been reports that a consolidation might be expected, the two companies will have no relationship other than the fact that the present contract calling for delivery of Pacific Western production up to 20,000 barrels daily at posted prices will continue in effect.

UNION ELECTRIC CO. REJECTS PROPOSAL TO CUT WAGES

Present Schedule Will Continue, Through Reduction Would Save \$100,000 Annually.

Although a joint committee of employees and company representatives has recommended a general

wage reduction, the Union Electric Light and Power Co. will hold salaries at present levels, President Louis H. Egan announced in a Christmas letter to employees.

Under its contract with 2000 employees Union Electric's salaries are based on a study of the general cost of living made every six months by the committee. On the

basis of its findings the committee recommends that wages either be raised, held stable or lowered in conformity with living conditions.

Its most recent recommendation called for cuts ranging from \$2.50 to \$5 monthly, according to Egan's letter. Placed in effect the reductions would have represented a saving to the company at the rate of \$100,000 annually.

DEATH CRAFT OF THE YUKON

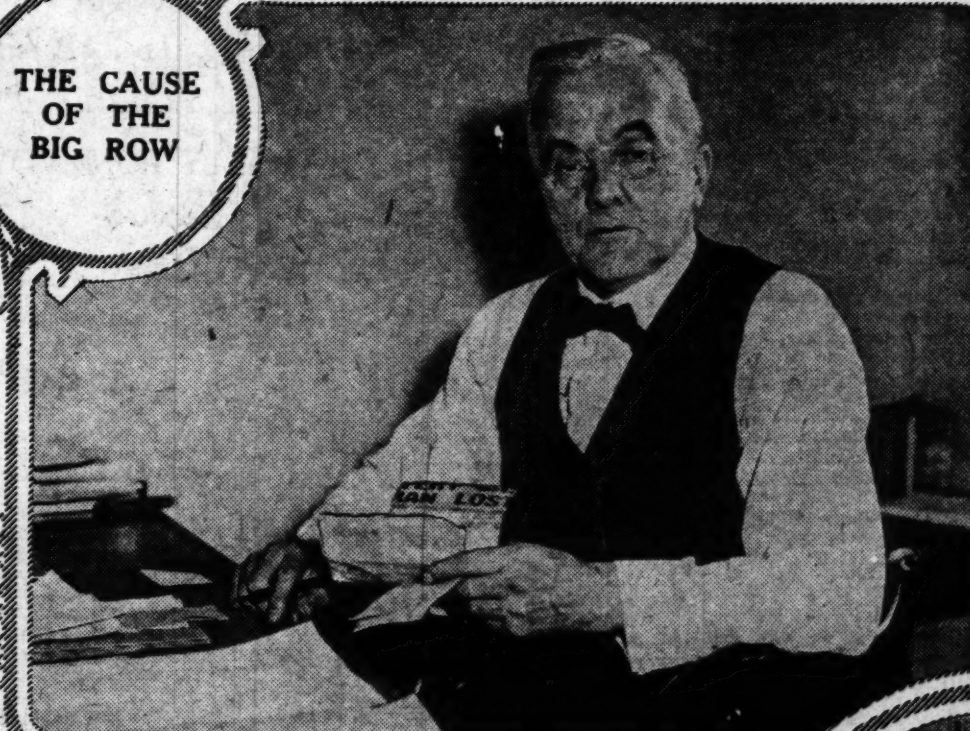

RESCUED AND-RESCUERS

Emil Kading and Bob Marten, who were lost for two months in the Yukon wilds, and Joe Walsh and Pilot Everett Wasson, who located them in airplane after continued search.

Airplane of Capt. Paddy Burke, Canadian airman, disabled and frozen in the ice of the Liard River in the Yukon wilderness. Burke and his two companions, Emil Kading, mechanic, and "Three-Fingered Bob" Marten, prospector, deserted the disabled ship last October and began long trek back to civilization, a march that cost Burke his life and nearly claimed his two companions. Marten and Kading were recently saved after fighting off death for two months.

SPRING SILHOUETTE /s UNCHANGED

Tight flutes of gathering in bottle green velvet create this striking model for evening wear. It is trimmed with motif of strass.

An exotic touch is attained in this ensemble of bronze crepe with sequins and sequin draped bonnet. It is very appropriate this season for military who likes the modern note.

This creation of woolen crepe features the box pleat and new necklines. It is in wine color and worn with step-in shoes laced on the side.

New Styles Differ Only in Detail—Sports Frocks Boast Ruffles and Shantung Is a Popular Material.

By HALLY POMEROY

NEW YORK, Dec. 23. It looks as though it were going to be a subtle sort of a spring. And that, my dears is something you should hoopa, providing you are either of two kinds of people. Those who are unhappy count on pennies may be thankful that the new fashions differ only in detail from the old, while nothing pleases the ineffably smart woman more than pointing her smartness by this little detail and thus more fun than a new silhouette or skirt length.

At the first complete display of early spring and winter resort fashions, Belding-Hemlinway showed 37 costumes, covering every contingency of the basically social day, b it town or country. Most that was new was found in detailed sleeve treatments, necklines (with a special stress laid on square necks for both town and sport dresses), the importance of pleated skirts, the use of silk headbands in place of berets for sports.

However, sport clothes did show something different in their tendency to be "romantic." They're still simple enough in line, but there were funny little feminine touches that made them "pretty," which certainly is an unusual and welcome change. There were sleeveless frocks, dressed up with frills over the shoulder; frocks with quaintly tight bodices and full skirts.

MISS BILEEN, MARY TIGHE, fashion director, pointed out that blues from pastel to navy would be the most fashionable color for spring. Rose beige will be second and yellow greens third. For summer light blues come first, yellow second and salmon pink third.

Plain shantungs were featured for sports, and appeared again in navy for tailored suits. Flat crepe was the other important silk. Prints will be smarter than ever for town and afternoon costumes. Most of them were in small patterns, though large floral designs continue to appear in the more formal afternoon gowns. Checks were used frequently for blouses and accessories.

So that no one will get the erroneous idea that it's going to be a strictly silk season, we'll jump to Peck & Peck's collection, which was as well as anyone could wish. Their knitted goods get lighter in weight every time one sees them. The heavier fabrics achieve a sheer effect by their conjunction with lace inserts and sequins. They are fond of using chiffon weight bouclé for the simple frock, with the jacket made of

the ordinary weight bouclé. Knitted silks and rayons, however, are thin throughout the entire costume. The use of lace bouclé for yokes, stripes, sleeve inserts and the like, further emphasizes the "pretty" tendency in sportswear.

At Stern's new Basque Shop, however, cotton is the thing. Being true to its name, it displays stripes and more stripes for seaside fashions. Tuck-in linen frocks in two colors are very swaggers. So are the one-piece linen dresses with a contrasting yoke. Sleeveless plique dresses are cool (shiver me bones!) and beachy-looking. Cotton mesh is a smart fabric for other tuck-ins. Calico and linen for pajamas, very dashing in plaid—the linen, of course, not the calico.

At Bonwit Teller's Dressmaking Studio there is a collection of costumes designed by their Mrs. Harwick. They are Southern resort wear that is well worth seeing, particularly the petticoat evening gowns. These

aren't ingenue as all the others we've seen were. Ruffy, fluffy net petticoats rustle beneath the already rustling stiff taffeta of the frock itself. A bit of the contrasting net shows at the hem of the skirt, and peeks through bits of cut-work embroidery—and they simply scream, in the decorous way of their period, for gentlemen in plum-colored suits. Something will be done about men's clothes if women's continue in this piquant way.

ME. HARWICK does wonders with something that to our knowledge has no other name than "pointed treatments." She ends these long-pointed sections at all the crucial places on the feminine figure to accentuate the slender line without resorting to tight fitting, which never looks slender anyhow, much as people seem to think it does. She controls the décolletage, makes a waist-line look higher than it is, and does all sorts of clever things by means of this simple expedient.

Of course, there were all kinds of interesting dressmaker touches—hand fagotting running down between box pleats, decorating yokes and sleeves, creating yokes and this and that. There was an abundance of feminine detail in softly rippling revers, jabots, trills and what-nots.

Plain crepe was frequently used to offset the monotony of printed silk in informal frocks. Sections of sleeves were plain. Vests and gilets were plain—all of which suggests a number of ways of restoring smartness to last year's printed frock if one has the will and the way.

BREATHE PROPERLY AND BE WELL

BREATHE right and you lessen by fully 99 per cent your susceptibility to illness. That seems a sweeping statement, but it is authoritative. It is impossible to breathe correctly, that is deeply and rhythmically, and not stand, sit and move about properly, and a correct posture just automatically brings every organ of the body into its correct position to every other organ. The simplest way to attain an absolutely correct posture and to maintain it at all times is by raising the chest. Just imagine or pretend you have a diamond brooch pinned to the center of your frock over your chest and, while you don't want to make it too obvious that it is there, you want everyone to see it. You'll understand what is meant if you try out the directions and you will be convinced that by so simple a means is acquired that good position of the body which automatically makes for correct breathing and which, in turn, automatically makes for healthy physical, yes, and mental condition.

Remember there is no straining, no unnecessary tension. Remember to inhale and exhale through the nose, yet without keeping the lips too tightly closed. The lining of the nose serves as a filter for dust

and to warm cold air before it has a chance to enter the lungs. Hence, proper respiration is through the nose, and the passages should be at all times clear and unobstructed. In case breathing exercises for practice are necessary, which they are unless correct breathing is a fixed habit, here are two simple ones. Place your hands on your hips, easily, thumbs back, raise your chest and inhale, imagining you are drawing the breath up from your toes and that you are sending it to the top of your head through the roof of your mouth. Then, very slowly and easily, let the breath out and your arms down as you do so.

For the second exercise, allow your arms first to hang at your sides loosely and breathe in and out slowly; then breathe with the arms stretched out front, then at the sides as far as possible. Finally, with the arms stretched up over your head, rise very slowly on your toes, breathing in. And then, still slowly, sink to your feet, letting the breath out and your arms down as you do so.

Fractures

FRACTURES are emergencies. Usually they occur quite suddenly, and of necessity there is a delay of varying length between their occurrences and the arrival of aid.

The proper handling of the patient during this waiting period may spare him complications and assure him an uneventful and speedy recovery.

Bone fractures are common accidents. They are usually due to violence resulting from a blow or from a fall.

There are several types of fractures with which every individual ought to be acquainted. In the young, we often have what is known as a green stick fracture. This type of fracture is properly described by its name in that when the bone breaks it does not break through and through but only partly through the shaft, as when a green twig is bent.

A simple fracture is a fracture or break across and through the entire shaft of the bone but not involving the fleshy tissues surrounding it.

A simple fracture becomes a compound fracture when, in addition to the breaking of the bone, there is a flesh wound leading from the break to the surface of the body.

A fracture in which the bone is broken in more than one place is called a comminuted fracture.

Through careless handling a simple fracture may easily be converted into a compound fracture. The edges of the bone at the breaking point are usually sharp.

If a broken limb is carelessly moved about, or force is applied to it, the edge of the bone may be forced through the flesh surrounding it and the fracture thereby becomes "compound" by a wound which almost invariably becomes infected.

Cracker Dainties

To two stiffly beaten egg whites add one cup powdered sugar, one cup chopped nuts, one teaspoon marshmallow cherries, one teaspoon almond extract, a pinch of salt. Pile on butter-thin and bake in the oven until just a little brown. Delicious for the buffet lunch.

A wooden spoon is a splendid utensil for cake mixing, as it is so much less tiring for the arm than a metal spoon.

NOISE HUNTER

How the Sound Engineers Are Outlaw Squeaks Out of the Talking Pictures.

NEW YORK. OUT in Hollywood they have been making the first new process which is supposed to bring back a new process to the talkies. The object has been to eliminate that mechanical hum which has provided such an annoyance to the speeches of the screen actors ever since the advent of the purely pantomimic medium two and a half years ago.

As a result, the Western Electric Co., which counts, has summoned 50 of its technical experts from country to New York to prepare the way for what is to be a permanent improvement in sound production.

These men have been tinkering about in movie houses all over the city for the past two weeks, taking possession of theaters at 11:30 at night and working till 10 o'clock the next morning. They have been working in groups of four, each group, in the manner of Sherlock Holmes of the electrical world, snooping about in the wee hours of the night and bringing to justice the squeaks and squeaks of a given theater. And while some of the groups have found nothing more troublesome than meowing cats and chirping crickets, there have been others who have found hidden back-stage, the problems of other of the groups have been of a more technically baffling kind.

It was in the Japanese Gardens on Broadway, at Ninety-seventh street, that the most baffling of all problems was finally solved. This particular problem showed that the seat of a "squeak" could be located in a block or more away from the theater. The four men assigned to this house went in at 11:30 p. m., after the last audience had gone home, and started to run off a thousand feet or so of the new extra silent film. An old-fashioned human accompanied the technicians and a little investigation revealed that it was caused by what the technical boys call impure power in the current that was coming along the wires from outside into the projection booth.

At that hour one of the men decided to take a walk around the block. And on Ninety-seventh street, at the corner of the electric power station, he had been tripping over a wire. The current received by the theater, and a particular type of condenser was installed.

But if this incident was the most difficult and absorbing to the men, there were others that were far more curious. In another house there was trouble that came from a purely accidental electroactive cause, but which sounded so much like a human voice that it was impossible to ignore. The detective story. The test produced a vibration in the sound which for several hours seemed unaccountable. The funniest part about this vibration was that every once in a while it would stop and the dialogue would go on with normal smoothness.

At last it was discovered that what was causing the vibration with nothing more than a revolving fan in the wall of the projecting booth. On the other side of the fan, outside the booth, was a common electric illuminating bulb. The bulb had been sending light-rays through the fan opening and the revolution of the blades of the fan had caused these rays to be intermittent—and that had been the secret of all the trouble. The vibration had stopped every time one of the men in the booth had moved to a position between the fan and the projection machine and the fan had been turned on.

Without human direction the light-rays had been operating through what man had discovered in the photo-electric principle. This principle has in the last few years been put to innumerable uses as a safeguard in dangerous emergencies. Its use has become so common as to amount, in some cases, to a comically trivial application. There is one use, in a restaurant somewhere in the Middle West, in which the waitresses are saved the necessity of endangering the contents of their trays in getting in and out of the kitchen door. There is a photo-electric light on one side of the doorway and a sensitive cell on the other, the light-ray extending across the path of the plate-laden waitress. As soon as the waitress steps into the space through which the light-ray is traveling a circuit is broken and, presto! the door opens. It is the breaking of the circuit that gives the photo-electric ray its effect; and this is what had been happening in the booth.

HOWEVER, the impression should not be allowed to get around that the projection machines are perfectly protected from just such freaks as this one. In this case the trouble was, after all, not a real one at all. During the regular showings of pictures the machine is almost entirely enclosed, but in order to see that the works were all right the men had uncovered the machine, thus exposing the sensitive cell.

Needless to say, these sound engineers know what to do once they

THE GREAT ATLANTIC & PACIFIC CO.

Paris Revives Beau Brummel For a Deb Coat

By DIANA MERWIN.

PARIS. BEAU BRUMMEL, dead since 1840, is a force in 1936 fashion making.

The London dandy's name has been given to a new type of coat very popular here with the debutantes and those with debutante figures.

Wide revers, on a double-breasted coat fitted to the waistline are the Beau Brummel model.

Dressmakers here make the revers in short-haired furs like seal-skin, beaver or nutria. Or they put velvet revers and upstanding collars on coat and coat dresses of plain colored wool.

The revival of wide revers and double-breasted jackets is only a phase of a general revival of interest in 100 years ago. The centenary of 1830 started out by being a celebration of the hundredth birthday of Romanticism in art and letters.

Empire waisted dresses are another manifestation of French interest in the 1830 period. There is a scant 12 inches of bodice on some of the most youthful evening dresses shown here.

Handkerchiefs that are large enough to touch the tip of the toe when held by one corner are the approved accessory for empire frocks. The handkerchiefs need not be the same color as the dress. There are big monogrammed

New Uses for Oilcloth

OILCLOTH continues to delight us with the new and ingenious ways in which it is being used. Because it is so good looking and

so easy to clean, it has long since won an established place in both the kitchen and bathroom.

Now its popularity has extended into the interior of the wardrobe. Oilcloth in solid colors and striking new prints. In both dull and glossy finish, is used to line closets and to

cover closet accessories such as hat boxes, hat stands, dress boxes and shoe cabinets. It also makes attractive coverings for shelves and ruffles to decorate the edges of the shelves.

Recently this versatile fabric has begun to appear on floor pillows in

playrooms and men's studies. When muddy boots and sticky fingers leave unwelcome imprints on their surface, the oil can easily be removed with a damp soapy cloth.

WELL THEN—

I HAD TO DO IT... HE CAN'T GET FAR...

A FEW PAGES AND THE CONSTABLE CAME UPON THE FUGITIVE WHERE HE HAD FALLEN... PASCOE WAS ATTEMPTING TO OVEST HIMSELF OF THE MONEY BELT WHICH CONTAINED THE EVIDENCE OF HIS GUILT

Dumb Dora—By Paul Fung

ROD, THE FOREMAN WANTS TO SPEAK TO YOU AGAIN

I GUESS HE WANTS TO REPORT ON MY ORDER TO RID THIS FACTORY OF ALL THE MICE WE'VE HAD

WELL, MR. RUCKETT, I GUESS WE'VE CAUGHT ABOUT ALL THE MICE AROUND THE PLACE BUT IN DOING SO I ALMOST LOST MY LIFE, I DID!

GOSH, HOW?

WELL, WE CAUGHT A LOT OF 'EM IN TRAPS I'D SET BETWEEN THE WALLS— I LOST MY BALANCE WHEN I HEARD A THIN SQUEALING RIGHT NEAR MY EAR!

GOLLY! I HOPE YOU WEREN'T HURT!

WELL— IT WAS A NARROW SQUEAK

PUBLIC MEETINGS AND ENTERTAINMENTS

The Oberlin College Glee Club, on tour, will give a concert tomorrow night at Webster Groves High School.

St. Louis woman students at Moody Bible Institute, Chicago, will conduct a special New Year's service at the Y. W. C. A. 1411 Locust street, Sunday afternoon at 5 o'clock.

"Dust of the Road," a one-act Christmas play, will be presented by the Players of St. John's Methodist Episcopal Church, Sunday night at 7:30 o'clock in the church's recreation hall.

Members of the Young People's Association of the Ethical Society will be in charge of its meeting at 11 o'clock Sunday morning at Sheldon Memorial, 2646 Washington boulevard. R. Walton Chubb will speak on "What Does Youth Ask of Religion?"

Practical Table Tops

A most practical covering for the study table or the flat top work desk, which receives hard usage, is a piece of plain or patterned linoleum cut to fit. It will protect the wood top from all wear and marring. For those who work with charts and drawings it is especially ideal, as it permits the harmless use of thumb-tacks and pins to hold sheets of paper flat. Waxing the linoleum will greatly prolong its life and make it easy to keep clean. Some desks are now being made with linoleum inlaid into the top, instead of a smooth wood surface.

WHEN WILLIAM THE CONQUEROR BEGAN HIS REIGN THE PENNY WAS CAST WITH A DEEP CROSS, SO THAT IT MIGHT BE BROKEN IN HALF AS A HALF-PENNY OR IN QUARTERS FOR FOUR-THINGS OR FARTHING, AS WE NOW CALL THEM. (THANKS TO-GEORGE J. MEYER, PHILADELPHIA, PENN.)

GRINGO...

DURING THE WAR WITH MEXICO, ROBERT BURNS' SONG "GREEN GROW THE RUSHES O" WAS VERY POPULAR WITH AMERICAN SOLDIERS... ALL THEY GOT OUT OF IT WAS "GRINGO," WHICH INVIDIOUSLY THEY APPLY STILL TO "AMERICANOS" (THANKS TO HELEN ROGERS, CHICAGO, ILL.)

Where did the expression "laugh and grow fat" originate? Where did the word "larceny" get its meaning? Answers tomorrow.

**MARSHAL JOFFRE
DANGEROUSLY ILL;
LEG IS AMPUTATED**

Operation Performed Last Saturday Is Disclosed, With Statement There Is Little Hope.

HERO OF MARNE HAS ARTHRITIS

**Wife Prevented Earlier An-
nouncement of Condition
—His Whereabouts Not
Disclosed.**

PARIS, Dec. 27.—With one leg amputated because of gangrene developing in the advanced stages of arthritis, Marshal Joffre, victor of the Marne, lay tonight between life and death, and his doctors appeared to hold little hope for his recovery.

There was an air of mystery about the illness, for physicians declined to say where the patient was. They disclosed, however, that the amputation was performed last Saturday, and that Mme. Joffe persistently had refused to permit announcement of her husband's condition.

The operation took place last Saturday at the private hospital of St. Jean de Dieu, where the Marquis was taken when his condition became alarming.

Amputation was imperative, said Dr. Boulin, who has attended Marshal Joffre since the beginning of his illness several months ago. The patient's arteries were inflamed to such a degree, the doctor said, that gangrene, which often develops in the advanced stages of this disease, threatened the Marshal's life.

It was the right leg which was amputated and because of the patient's advanced age—he is nearly 70 years old—and his generally weakened condition, there appeared little chance that he could pull through.

Five physicians held a consultation at the home this morning and issued this bulletin:

"Marsha. Joffre for several months has suffered an inflammation of the arteries in the legs. This condition suddenly became aggravated and necessitated an urgent

By means of this system, the various streets will be controlled in a sequence that will keep the traffic moving as smoothly as possible.

culated by the signal will be to suit different times on Saturdays and Sundays. Daily from 6 a.m. the signal system will be from Monday to Friday especially long pe morning and evening for heavy traffic in A and after 7 p.m. the long periods for the long periods in Kingston the rush hours signal will be made for three turn movements in H also. On Saturdays changes in the after to accommodate traffic. Between 2 and 7 p.m. left-turn traffic in H will receive extra but after 7 p.m. a left will be given Arsenal from the country.

HOOVER WILLING TO HARDING MEMORIAL

**Ceremony Long Held
ure of President or
to Set Date**

WASHINGTON, Dec. 10 (AP)—President Hoover will participate in dedicating the memorial to Warren G. Harding when he is invited. The dedication has been held up for a long time because no date for the ceremony has been set.

Harding became president in 1921 and died in 1923. He appointed Hoover Secretary of Commerce at the beginning of his administration.

MARION, O., Dec. Donlthen, secretary of the Harding Memorial Association, said tonight he had received word from Washington that Hoover would accept the honor of taking part in the dedication of the Harding memorial association had made arrangements for the ceremony. It was stated that dedicating the tomb of the president requires the presence of someone of presidential rank. Donlthen repeated efforts to get Hoover or former President Coolidge to set a date for the ceremony without result.
